Once upon a time there lived a man named Junipero. He became unsatisfied exploring Southern Mexico and started his trek northward. He was a man with a mission - literally. One day, on a five hundred mile stroll, he stumbled upon an island in the hills. The natives he found there were friendly and they gave him a warm cot to sleep on and a piroshiki to eat. Due to the delirious effect of a poisonous snake bite he had acquired the day before, he had some pretty radical visions.

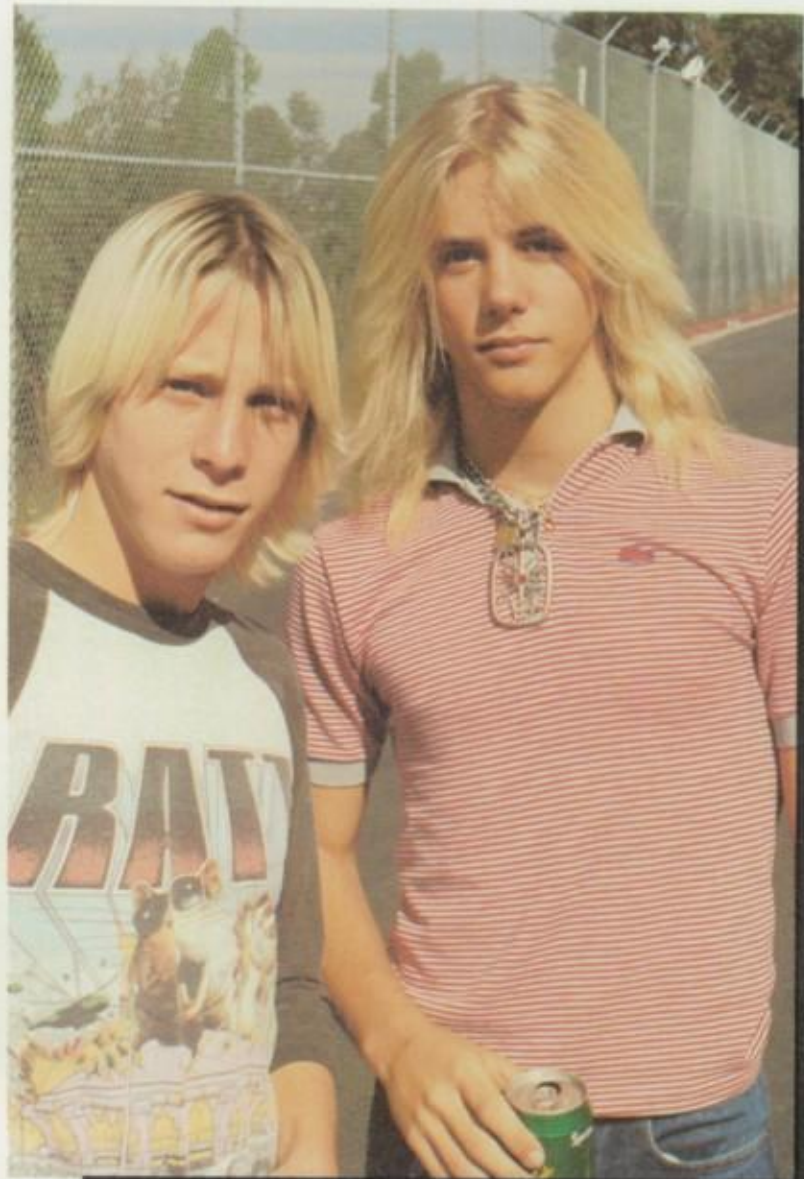

These visions were of teenage boys and girls congregating together for fellowship and education. He saw a green campus and smiling faces of students and teachers. He heard rap contests, pep rallies, and lecturing teachers. He felt the pain of stooping down to reach bottom lockers, and physical education before 8:00 in the morning. Through his pain, he hallucinated many different things such as plenty of parking and an hour long lunch.

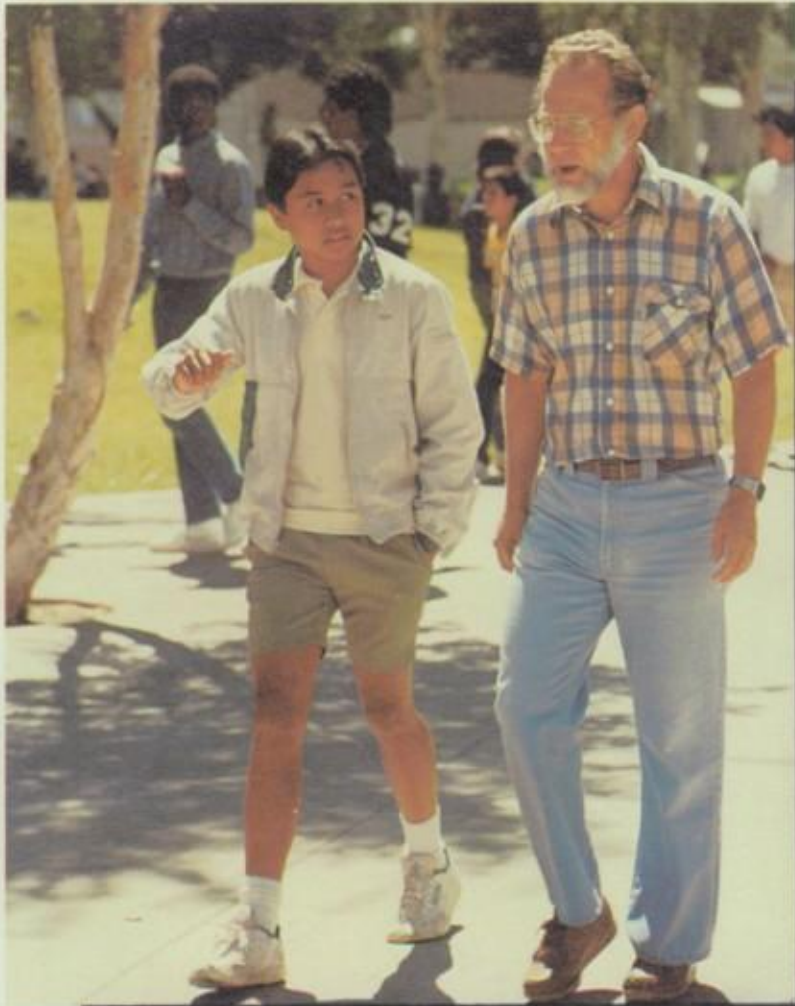

This vision, now known to

us as Junipero Serra High School is his gift to us through perseverance, faith, and the taxpayers' dollars.

The Spirit Comes Alive

The "Magic Came Alive" through this year's Homecoming Pep Rally. On Friday, Oct. 24, during 4th period, students gathered in the Serra stadium, full of energy. Grouped together in the stands by grades, students chanted out their years while eagerly waiting for the Pep Rally to start.

The energy could be felt in the air as Marc Santa Maria, the ASB President announced that it was time to begin. The band kicked it off by playing the National Anthem and the Fight Song.

The Serra Steppers showed creativity and talent through their performance. Once again, they showed their award winning abilities. The crowd was entertained by our Tall Flag team twirling to such songs as "Point of No Return".

The ASB, with the help of some other Serra students, showed the crowd a very interesting skit promoting "clean campus". The skit involved a handful of "good guys" helping Mr. Price stop the T.P.-ing vandals.

Football team captains, Ronnie Lardizabal and

Troy Juergens, spoke on behalf of the team.

Commissioner of Spirit, Andrea MacKay, then announced the long awaited results. Classes displayed spirit by yelling out their graduating year as the poster with the results started to unroll. The Seniors and Sophomores tied the lunchtime activities categories, each with 11 points. The second and third categories (each worth 3 pts.) ASB card and Yearbook sales, were won by the Seniors. And the winner of the final category (10 pts.), Spirit Links, was taken by the Juniors. All and all for the week: the Freshman came out with 1 point, the Sophomores and the Juniors tied with 18 pts. each and the Seniors captured the week with an overwhelming 24 pts.

The Pep Rally ended with the traditional class competition. The Alma Mater was played as students stood and joined in singing along. All in all, this year's Pep Rally successfully showed the "Magic Coming Alive".

Homecoming Spirit Week:

A.S.B. successfully organized an exciting Homecoming "Spirit" Week which was one of the most spectacular ever. Students from all classes worked their hardest to raise money and have more spirit than the others. While the juniors showed more spirit than ever before, the senior class of 1987 won out over all. Spirit Week was more than just lunch activities and creative floats, it was about people showing pride in their school.

On Monday, October 20, the Spirit Link Sale began, as well as the Matterhorn Graham Cracker Build. Representatives from each class worked furiously to balance the crackers into a towering structure before anyone else, but they found it wasn't so easy. The

next day, everyone dressed up in Disneyland apparel, Disneyland being the Homecoming theme, and watched Mr. Toad's Wild Wheel Race. Throughout the week, people wore strange clothes on clash day and saw the Bear Country Pie Eating Contest, wore wild hats on Mad Hatter Day and watched the Dumbo Chug-a-lug. Then on Friday, to culminate the entire fun-filled week, everyone went to the Pep Rally, celebrating Serra's diversity and spirit ... in brown and gold. Finally, after seeing Serra's Homecoming Parade, guys and gals went to the Homecoming Dance with their dates. It was a magical week, and most people had fond memories of it.

A Chance To Be Different!

Homecoming Parade...

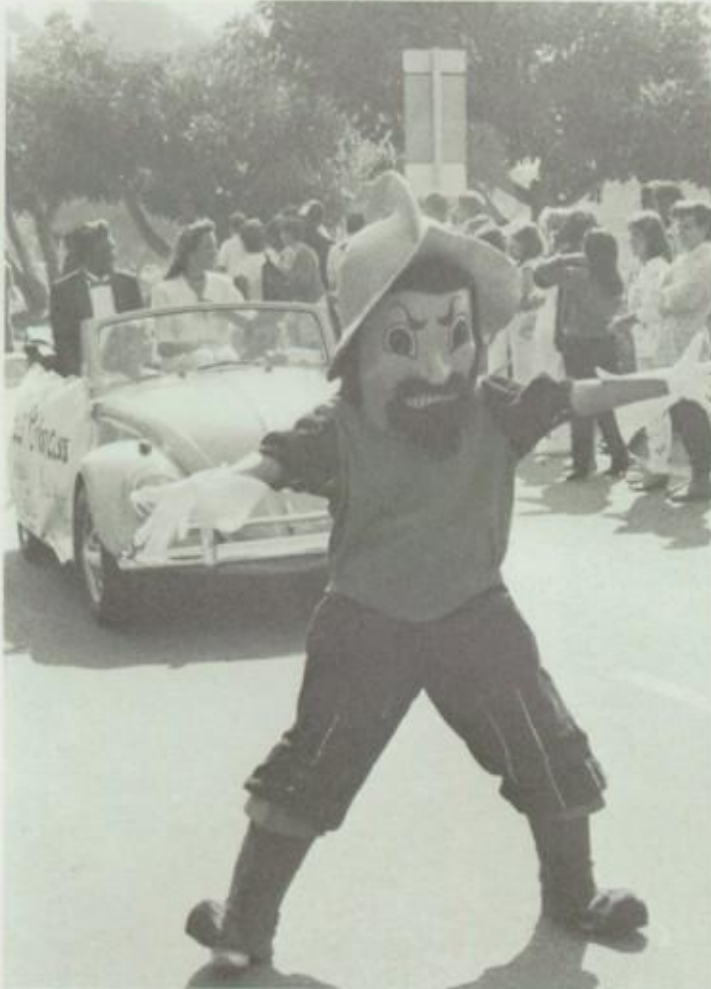

On the afternoon of Friday, October 24, the streets of Tierrasanta were turned into Main Street U.S.A. This year's Homecoming Parade closed a week-long frenzy of activities, and gave us a chance to look at the results of our hardwork. The central theme of "Disneyland" was highlighted by each competing class float.

The parade marched through the community before coming to Santo Road, where the crowd had gathered for this once-a-year event. The parade opened up with prestigious-looking police escorts and the ROTC. Next followed a coordinated marching band — the Letteretts, Serra Steppers,

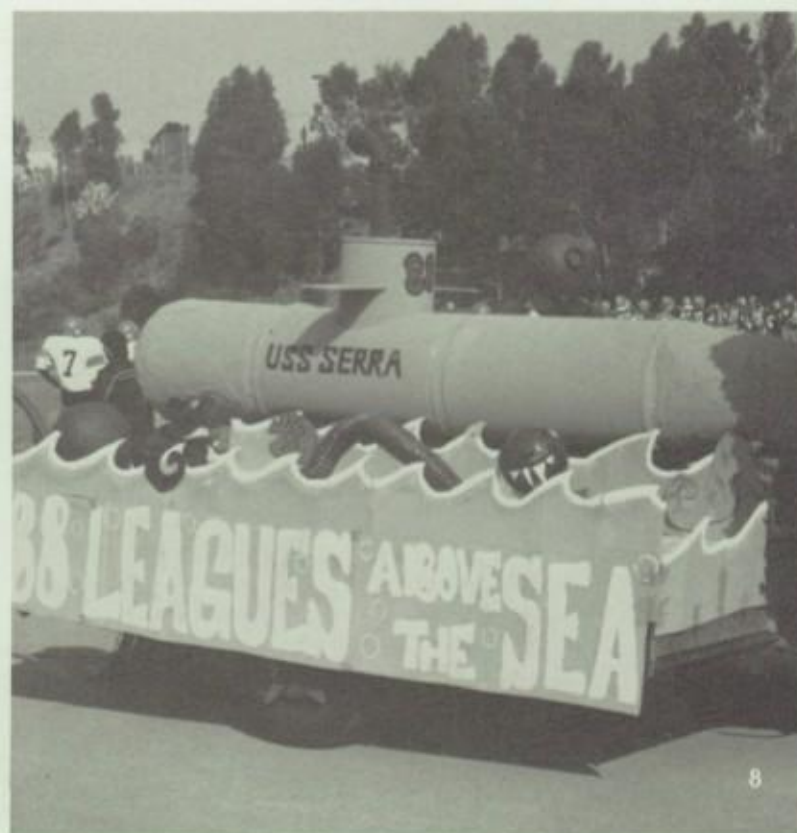

Tall Flag Corps, and the band. Then came the royal court and each class's respective floats. The spirited cheerleaders and other units completed the program of magic coming to life.

The Sophomore float came in third while the Juniors' seated a second. And with no doubt, the awesome Senior float, "Pirates of the Caribbean," won first place. These results were announced along with the final court decisions during halftime of the Homecoming football game.

The parade did not end the excitement of Homecoming Week; rather, it set the scene for the all-important Homecoming Dance.

Disney Magic

8. Juniors constructed the USS Serra.
9. Jason Keyes and Jenny Graff, royal representatives of the Sophomores.
10. Prince Charlie and Princess Jacqui join in the festivities.
11. The Class of 89 going around the world.

Serra Cheers On It's Team...

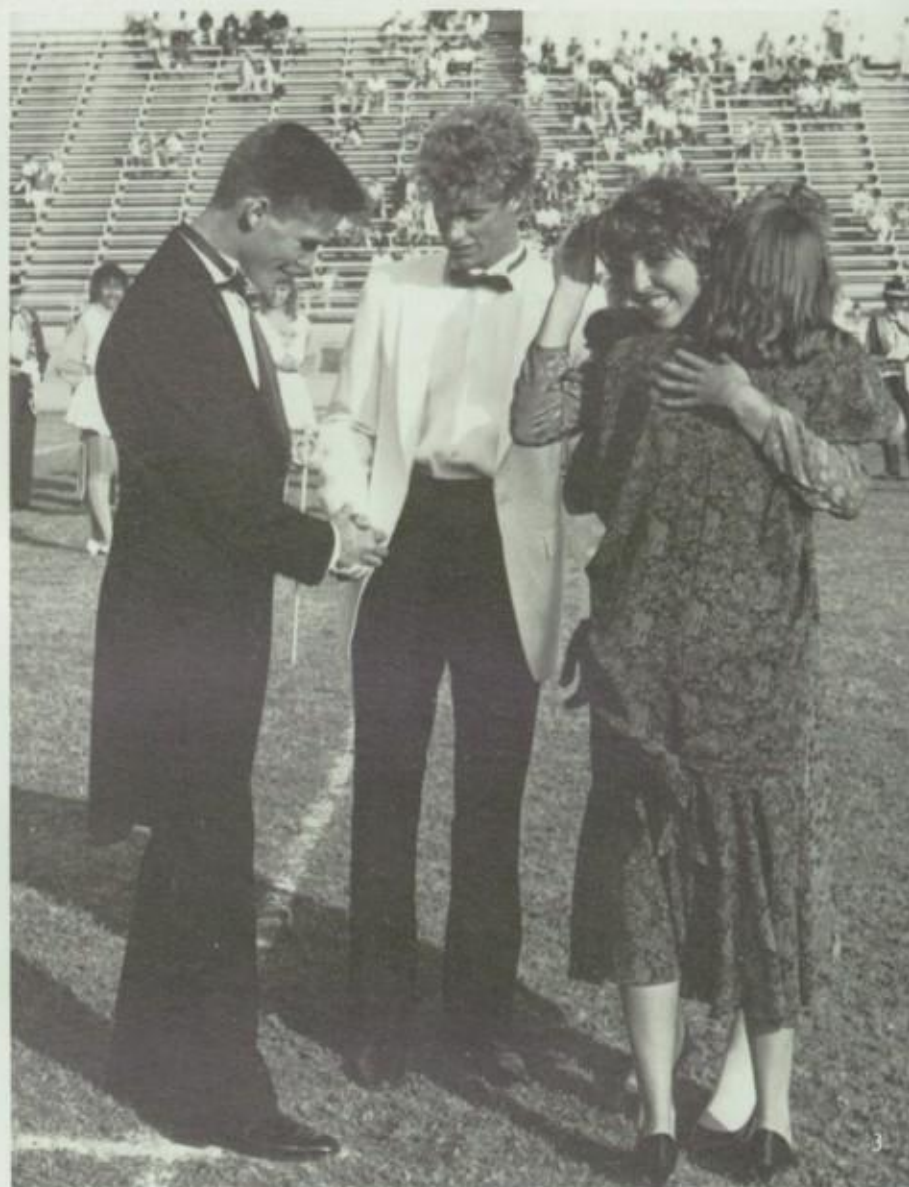

After the parade circled the stadium, the Homecoming football game -vs- Mira Mesa kicked off. Spirited stands filled with students, faculty, and alumni followed the cheerleaders in cheering on the Mighty Q's.

At half-time, Serra's royalty was introduced and escorted to the center of the field. The King and Queen were crowned

by the King and Queen of 1985-86.

Students waited anxiously while the winners of the float contest were announced. The Sophomores placed third, the Juniors took second and the Seniors victoriously captured first.

Serra's pride and spirit shone through in this exciting tradition; Homecoming 1986!

22 Homecoming Game

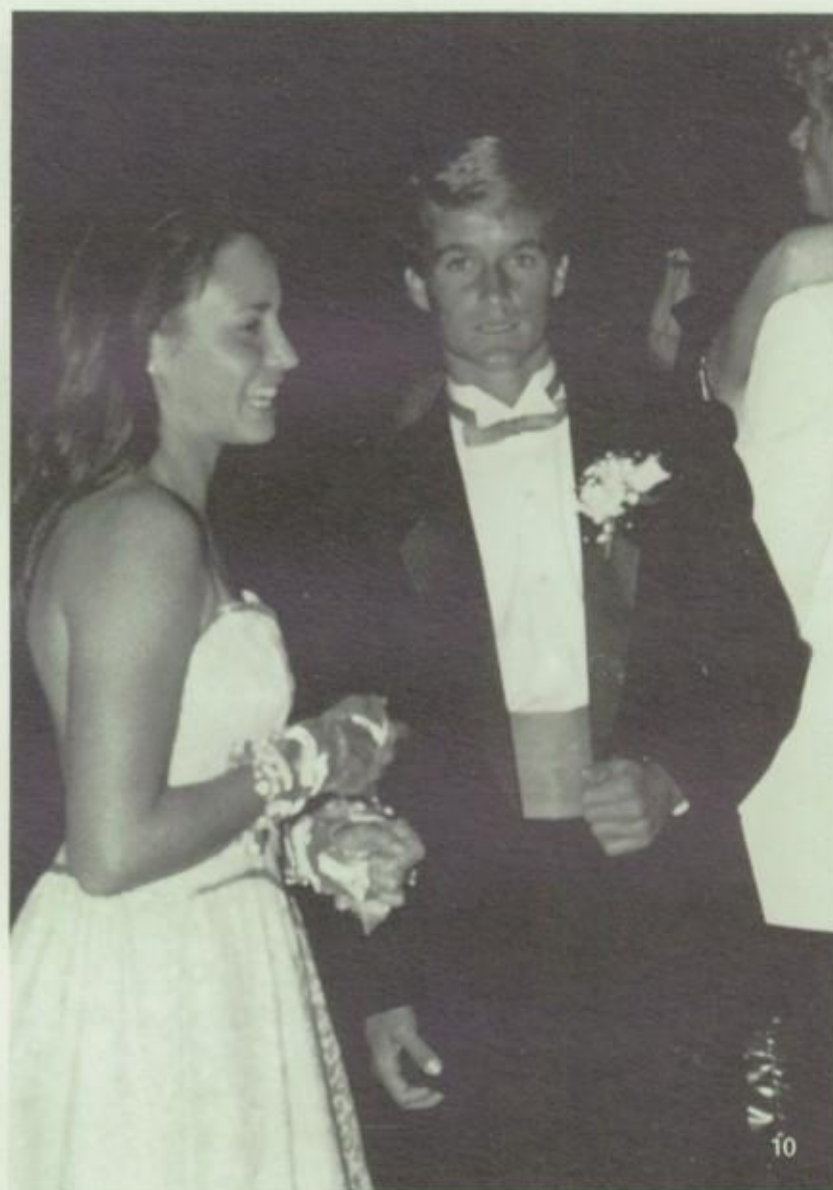

... And Dances The Night Away

The 1986-87 Disneyland theme, "The Magic Comes Alive" Homecoming dance had continued the Homecoming Spirit. The dance was held in Serra's gym from 8:30 to 11:30 p.m. The attire was semi-formal. The night began with a dinner before dance tradition, in restaurants such as: Black Angus, Carlos Murphys, El Toritos, or at their own homes. At the dance, the gym was extravagantly decorated with many Disneyland characters

and red and black balloons which filled the room. The students danced to the music by Stratus and posed for their Homecoming pictures taken by Schaffert Studios.

Serra's 1986-87 Homecoming Court was announced, and the King and Queen danced to the song 'Wish Upon A Star' with the rest of the court. Thanks to all the people who had participated in the Homecoming events, the dance was a huge success.

1. GO — SET — HUT-HUT!
2. ROTC's Court: Queen Tonya Cummings with Escort Peterson, and First Attendant Monica Brace with Escort Windsor.
3. The newly crowned King and Queen are congratulated.
4. The Mighty Q's on the offense.

8. Boogie to the beat.
9. Friends greet each other at the door.
10. Jason poses for the camera.

Serra Students Catch A Wave

On Friday, September 19, 1986, Serra held its second Hawaiian Day and Dance.

During the day, students had a chance to wear their bright summer clothes, act like native Hawaiians, and look like Thomas Magnum of Magnum P.I. Judging by the amount of leis sold, students really enjoy being Hawaiian. Also, a pep rally was held to get the students better acquainted with their new principals and new

counselors.

The dance was held that night at 8:00 p.m. and ended at 11:00 p.m. The gym was decorated with pictures of the beach, surfboards, and palm trees. Students danced to the latest sounds and had a really nice time.

Congratulations goes to the Seniors who sponsored the dance and made over \$700 from the whole activity. The dance was a great success!

At The Hawaiian Day And Dance

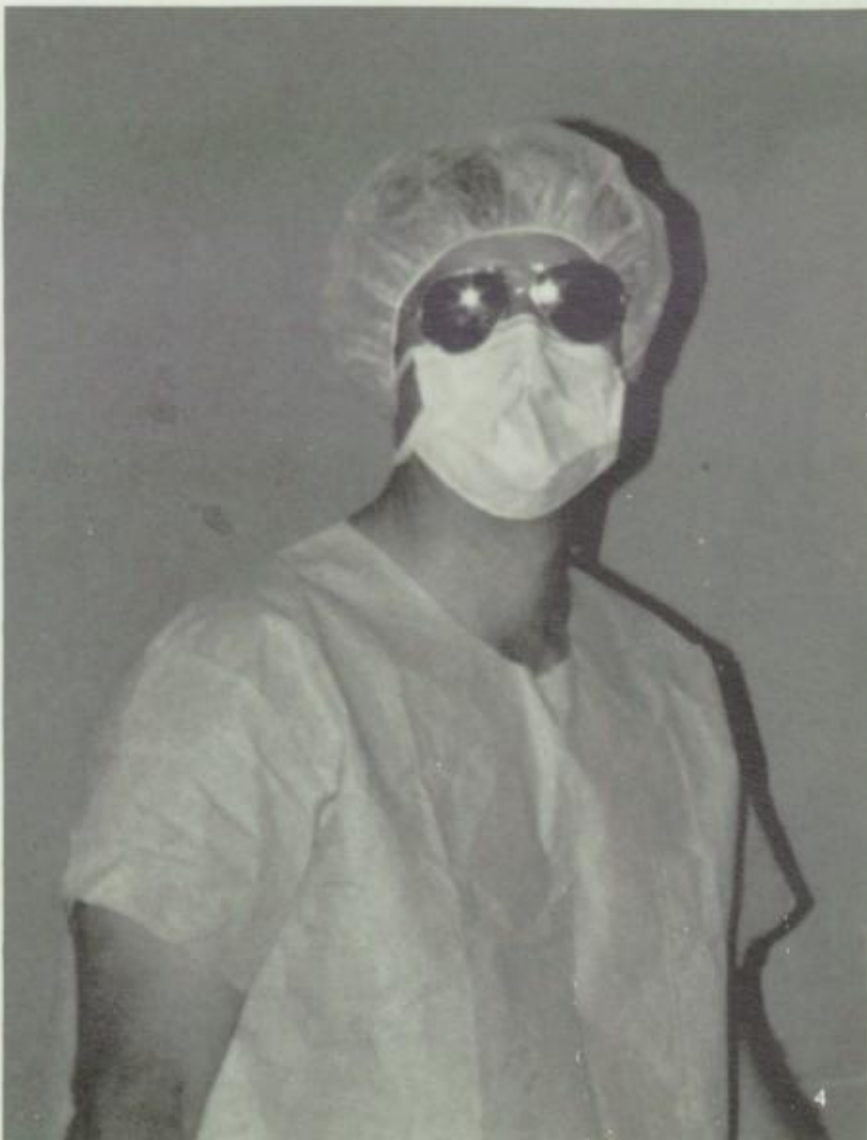

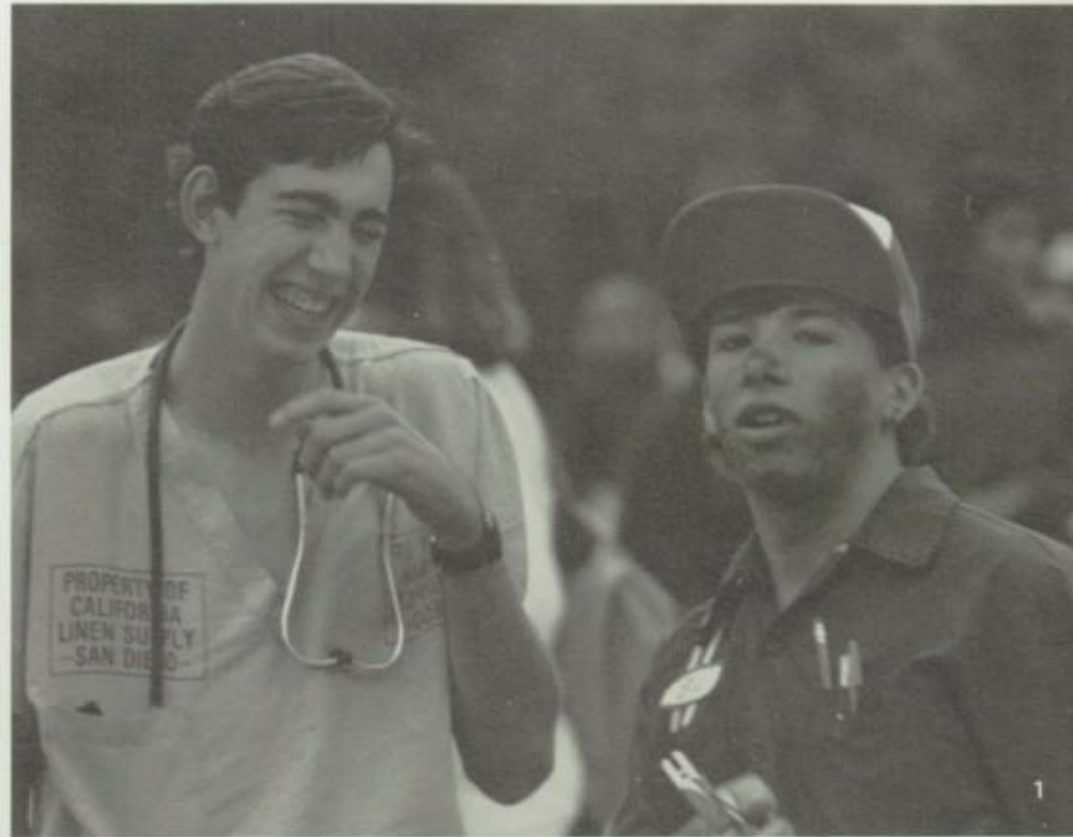

1. Peggy, Mary, Chuck, and Michelle take time out to hula for the camera.
2. Seniors don't want none.

9. Jason says, "meet my buddy Andrew."
10. "You be illin".
11. Corey gives a big Hawaiian hug to her Kahonā.

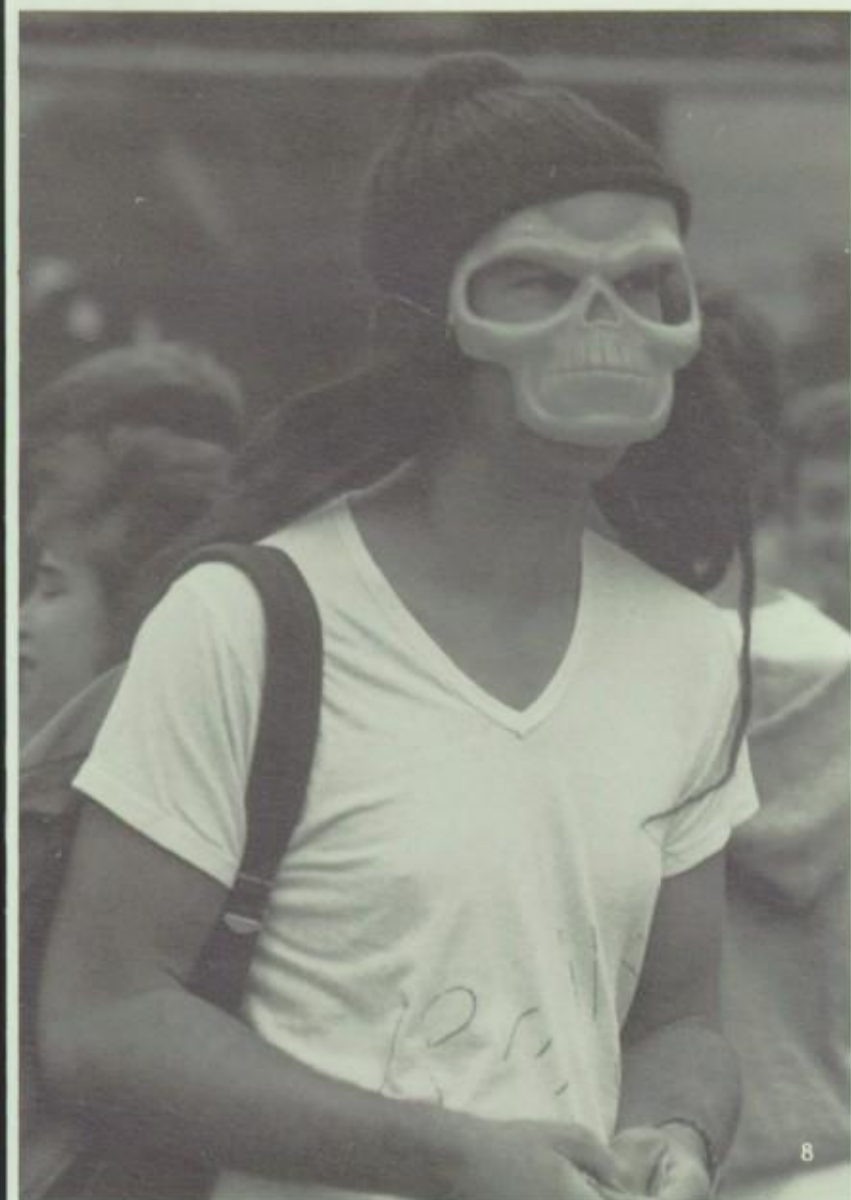

Serra Is Taken Over...

On October 31, 1986, Serra was taken over by our favorite ghosts and characters. The costumes ranged from hillbillies to murder victims. Halloween proves to be the most participated dress up day event during the school year. Those who

dressed up and participated made it a great day for all. Serra's Drama Club also participated this year in "Scream in the Dark". Several members of the club dressed up and acted out "Horror Scenes" to terrify visitors to the Haunted House.

Varsity Cheerleaders

For the third year in a row, the Varsity Cheerleaders traveled to Orlando, Florida in order to compete in the National Cheerleading competition. Here, our own Serra cheerleaders competed against the best from the nation.

The varsity squad won the honor of competing amongst the best cheerleading squads in our nation by capturing the Award of Excellence this past summer at camp. In order to attend the National competition in Florida, the

squad was faced with raising over \$6,400.00.

This National competition is sponsored by the National Cheerleaders Association and attracts squads from, most popularly, Florida, Texas, and Mississippi. The Varsity squad stayed in Florida for four days. They competed in front of a few thousand spectators. Although the squad did not make top 10 (out of 200 squads), they hope to continually improve and one year capture top awards.

Compete Among The Best...

Heroes And Villains Shoot

On December 11-13, Serra's Drama Department produced their first play; "Deadwood Dick, or The Game Of Gold." Conceived by Tom Taggart and directed by Susan Shattuck, this rootin' tootin' melodrama of the gay 90's in three acts was a hit.

The play took place at Calamity Jane's Man-Trap Saloon in Deadwood Gulch, South Dakota. The Game Of Gold is an example of simple life in the gay 90's in a common midwestern town, while villains compete against each

other.

Roaring crowds watched Redburn plot his evil scheme with Calamity Jane to find Blossom's hidden gold mine, which was branded on dainty Lily Blossom's back! Rose Blossom fell deeply in love with the honorable and proud Ned Harris, the hero, while Wild Bill Hickok (Ned's sidekick); a free-loading cowboy, lended rank humor to the adventure.

Students saw romance, comedy, tragedy, and western life in this melodrama.

Serra's 1986

On December 18, 1986, Serra held its 10th annual choral winter concert. Mr. Salter, the new choral director, along with Tommie Reeves, directed the performances. The groups that performed were the ninth grade (all girls) choir, the Senior High Choir, the Serra Singers, the girls quartet "The Highlighters," and the sextet "Jazz" also performed. The Wind Ensemble were also at hand to play during the intermissions. The orchestra formed by Mr.

Salter also played.

Their selection of music varied. Classical, Christmas, Jazz and pop music pieces were sung. The crowd really enjoyed themselves especially when they joined in to sing some of the songs. With all the hard work these groups have put in and the patience it took the new director to put up with them, they all should be thanked for a great show. Good luck in the future and keep on singing.

The Embrace Of Brotherhood Week

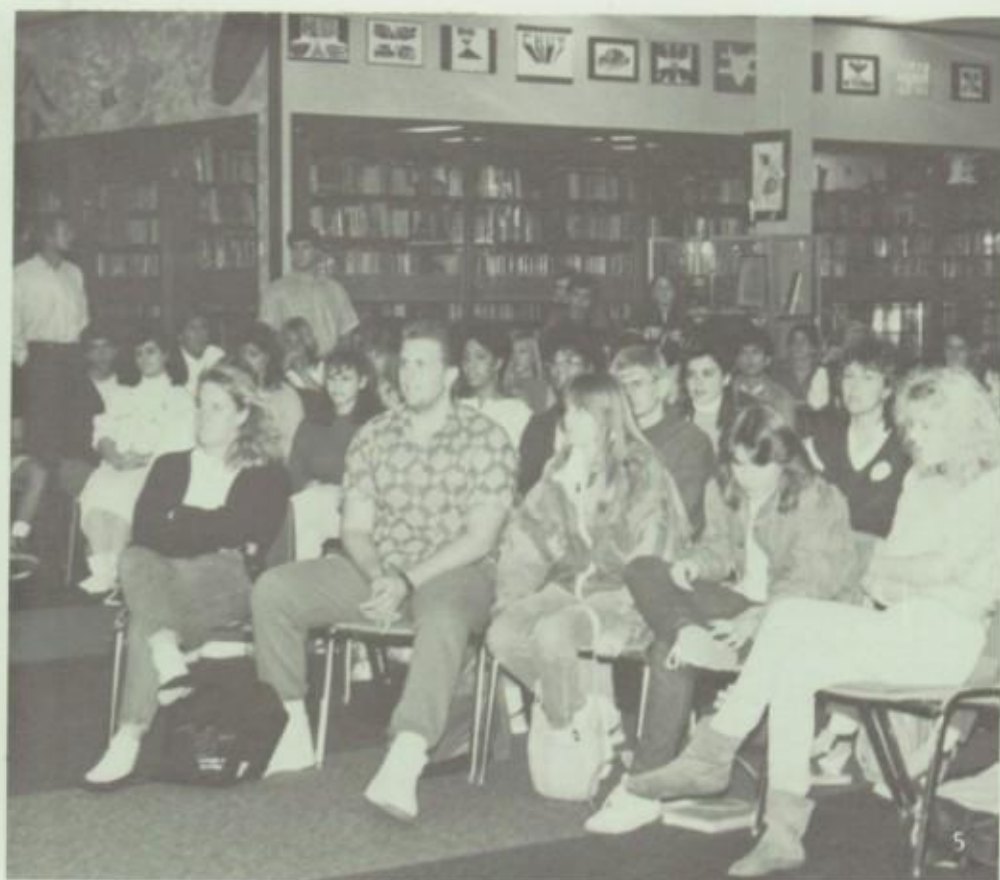

January 13th Brotherhood Week brought people together and gave a new meaning to 'school spirit'. Brotherhood Week was designed to celebrate both the individuality and the potential for uniform togetherness. Students wore buttons and watched contestants twist and shout in hula hoops on Tuesday. Wednesday was truly a day of togetherness: Friends hugged each other and danced at lunch to the beat of the Stratus D.J.'s music. On Thursday, everyone tried to find the right someone to say the week's slogan, "We Go Together", and win a prize. In addition, the assembly showed a film that captured the dynamic ideologies of different kinds of people, fortunate and unfortunate, that make reality easier to bear ... The message; You can succeed! Unfortunately, the three-legged race was can-

celled, but the International Food Faire on Friday was a huge success! There were delectable delights from ten different nationalities on the menu, and the prices were reasonable, too!

It wasn't just the activities that made Brotherhood Week so special, it was the feeling behind the slogan, "We Go Together"! Brotherhood Week was a week to pay tribute to Dr. Martin Luther King, Jr. On January 13th, workshops communicating the messages, ideas, and meaning of what King was fighting for were held all day in the Media Center. Brotherhood Week was a time to wear a button and hug-a-friend, but it was a week to think about what brotherhood really means ... peace. Perhaps, one day there may be a united brotherhood of mankind if we all strive for it now.

Unites Us All!

- 1- Frank R. Jordan, Media Consultant, spoke on Martin Luther King Day, which was sponsored and organized by Mr. Nyiri and Mrs. Walker.
- 2- Jaime and Cindy rub their tummies and lick their lips after a few hundred pounds of eating Dominoes' Pizza

- 7- When Stratus Disc Jockeyed, crowds came from everywhere to listen to the beat and dance. Why isn't anyone movin'?

Channel Eight Vs.

On January 22, the PTSA sponsored a basketball game between the San Diego at Large Team and the Serra Faculty. The game started at seven o'clock with Larry Himmel introducing his cast members as basketball players. Himmel, however, didn't stay for the entire game. Serra's team consisted of fifteen various teachers and faculty members. With mismatched outfits, the Serra team

played reasonably well. One honorable mention, the MVP of the team, was our own principal, Dr. Saunders. He had all the right moves — dribbling the ball, lay-ups, and a few fast breaks. It was a close game with Channel Eight coming out at top in the end. There was a good amount of spectators and they obviously enjoyed what they saw. It was a night of fun entertainment for all.

Serra Faculty

1. Larry Himmel poses with his cast members and Mrs. Keyes.
2. Channel Eight has the rebound.
3. The Serra Faculty Team — an interesting group of characters.

7. A good move by Mr. Sundahl.
8. Dr. Saunders with a lay-up.
9. Is this legal?
10. All are fighting for the ball.

Sweethearts Dance:

On February sixth, from eight P.M. until midnight, over 300 Serra students attended the annual Sweethearts Ball. This year it was held in the grand ballroom of the Sheraton Harbor Island East.

The elegant pale pink, silver, and gold ballroom was accented beautifully by silver and pink heart shaped balloons and pink carnations. The Sweethearts committee led by the commissioner of activities, Jessica Bonner, designed the

decorations and also picked out the embossed invitations and the "memory book."

The music for the evening was by Stratus Mobil Music, and pictures were taken by Sanford Studios. At 10:45, the King and Queen, Kevin Gerlach and Jill Hannon, were announced. Lisa Billingmeir and Corey Levesque were the senior princesses and John Abiate and Geoff Kelly were the princes.

A Night To Remember

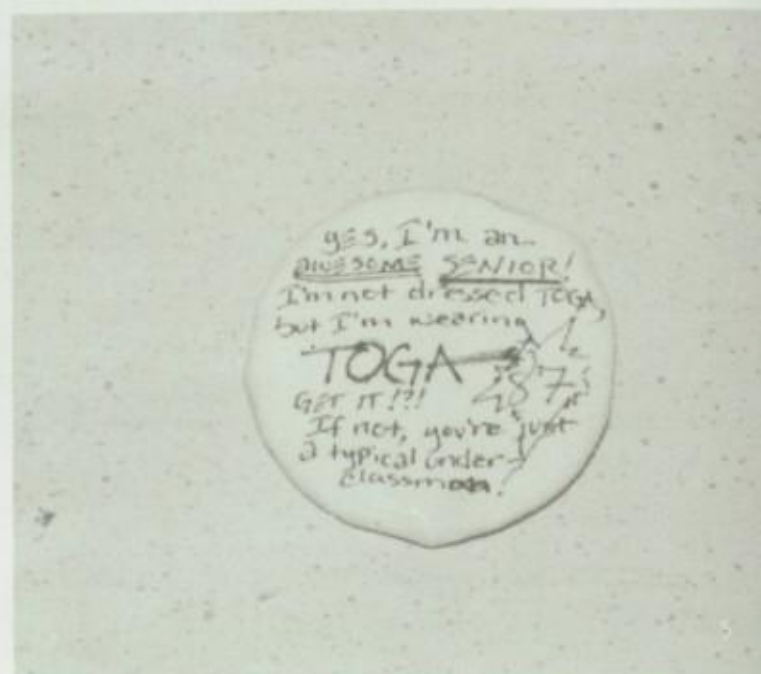

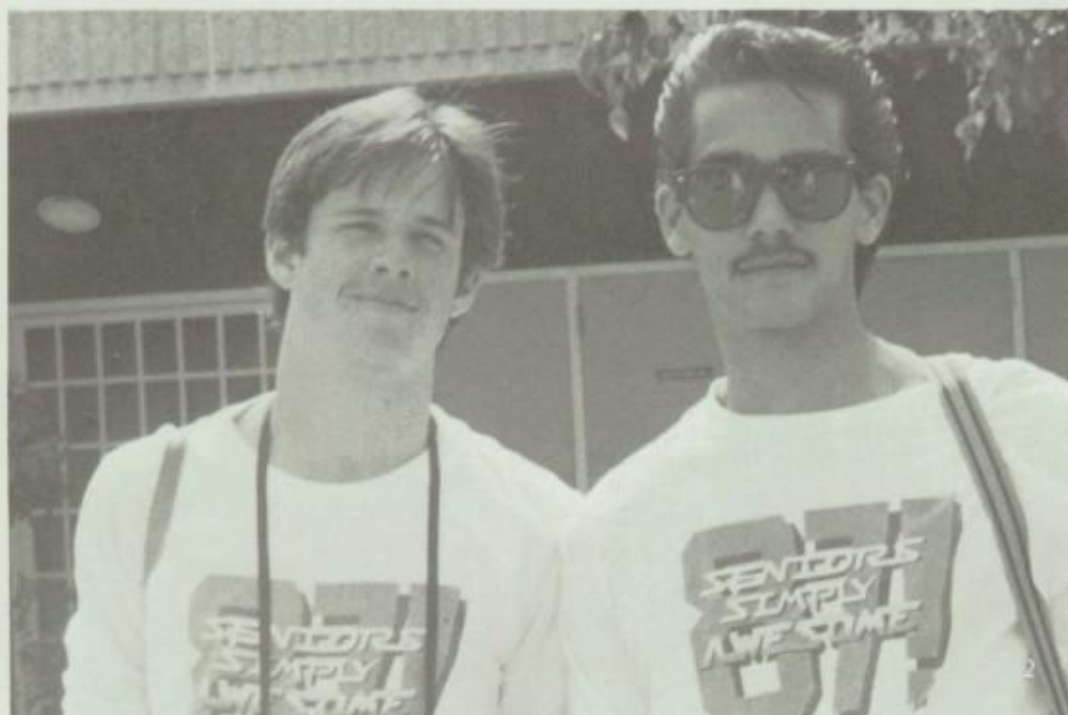

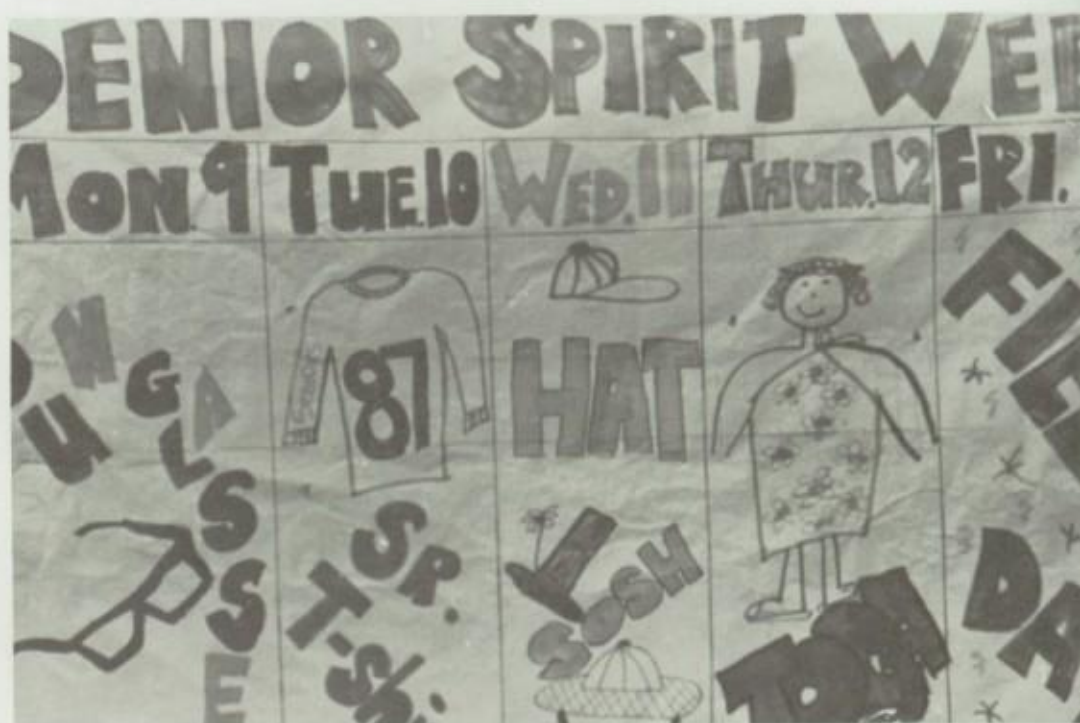

1. Everyone jammed to the beat.

The **SIMPLY AWESOME SENIORS** of the class of 1987 held their Spirit Week on March 9th thru March 13th, which was a big success. Even though the sun wasn't out, the seniors wore their sunglasses to start off the week. Tuesday was Senior T-Shirt Day when most of the seniors wore their T-shirts. Wednesday was Hat and Sosh day. This day gave the seniors a chance to show that they're #1 by not talking to any underclassmen unless they gave out sosh cards that gave the underclassmen the privilege to talk to an awesome senior. It's never too cold to dress Toga! On Thursday, that's what most of the seniors did to show their senior spirit. The togas ranged from plain white bedsheets to Snoopy bedsheets. Finally, on the end of the week, Friday the 13th, the seniors had a Field Day in place of Senior Ditch Day. Field

day was held at Missile Park in front of the General Dynamics building. All the seniors were required to attend their first two classes and then take the bus to and from the park. The seniors had to take the bus, because the teachers had to make sure all the seniors went instead of ditching. The park had a carousel ride, a little stage where music and dancing was held. Avery Mason and Willie Martin supplied the music. The seniors had to bring their own food and A.S.B. supplied free popcorn and drinks. A Best Legs contest and drawings for prizes were also held. Tess Dixon and Bryant Lovett won the best legs contest. To conclude this fulfilled week, we'd like to thank all those **SIMPLY AWESOME SENIORS** out there for showing their Senior Spirit.

The Class Of '87...

... Is Simply Awesome!

1. An eventful week for the Seniors.
2. Both Mikes show their Senior T-shirt Spirit.
3. Greeks tell Seniors to hang loose.
4. The TOGA Gang!

8. Tracy, Tess, and Cheryl show off their Senior Smiles.
9. Sittin' around waistin' time.
10. Just having some fun'.

New Hypnotist, Dr. Santo, Comes

The senior class of 1987 and its class officers decided to hire a new hypnotist to perform at Serra this year, other than Dr. Michael Dean, who has always performed at Serra. Consequently, Dr. Carl Santo performed at the Serra Gym on March 19th and demonstrated some new methods and acts, although some of them were very similar to Dean's.

While Dr. Dean has had the same hairstyle and suit for every show-year after year, Dr. Santo entered the crowd with a snazzy black, long-tailed tux, and then after intermission he wore a bright, golden tux. Furthermore, people danced to catchy tunes they liked and laughed or cried at something, as seniors did in the last Dr. Dean show. Many people who were hypnotised were disappointed when Dr. Santo didn't talk to them after the show about self hypnosis and what exactly hypnosis is. In addition, many noticed that Dr. Santo didn't seem to take as much care with the falling people as Dr. Dean had. The next day some students complained about soreness or headaches from bashing their heads from falling.

The highlight of Santo's show was when he stood on top of Andy Godfrey's stomach and brought the hypnotized subjects into a large spaceship. Dr. Santo told Andy to stiffen his body and fall back, then Dr. Santo suspended Andy from two high platforms and stood on top of him. Later, Santo told students they were seeing a spaceship, they were trapped inside and leaving the ground, and then turned Andy into an alien and Peter Underwood into a scientist/interpreter. It was a different kind of show, and in its own way, it again showed the incredible power of hypnosis.

To Serra In A Dazzling Show.

1. Dr. Santo came to Serra just to turn Andy Godfrey into a very stiff board. Then, Dr. Santo stood on top of him.
2. Dr. Santo begins to stiffen Andy, then he falls backward.
3. The hypnotees wait to be hypnotized by the hypnotist.
4. Boy, do their feet itch ... throwing off shoes, jumping around.
5. The evoked devastation after Dr. Santo got through with them.
6. Marc's really does have an itch. The wall apparently relieves it.
7. Dr. Santo reverted the subjects back to five-year-old bliss.
8. Dr. Santo really had a talent for putting people to sleep that night.
9. All the Penguins hop and jump around.
10. Well, it happened last year ... it had to happen this year. Jonathan got knocked out again!!

A Wild

On Friday March 28, Serra students had a chance to bring out the hillbilly in them at the Sadie Hawkins Dance. It was put on by the Sophomores with the help of Mr. Halsey and Mrs. Shap-pee.

The gym was decorated with posters of country settings, and bundles of hay were scattered all over the gym's foyer. On one corner of the foyer, Sanford Studios set up their equipment to take pictures of the hillbilly couples and groups. The wrestling room was used as a place for the baked goods sale, where sophomores sold the cookies and cakes that were donated by Bonnie Corduan, and the county sheriff's of-

fice, where anyone can request to place someone under arrest. It was also used as a place for the chapel. Mr. Halsey performed the ceremony for many couples who decided to get "hitched".

Music for the dance was provided by Mid City Productions who played a variety of music with special mixes and raps. The country critters danced from 8 p.m. to 11 p.m. Although the dance was meant to give the girls a chance to ask the guys, there were some who went stag. All in all everyone had a great time. To all who went to the dance this year (except for Seniors)- "Ya'll come back now ... Ya' hear!"

Country Jamboree

1. Mid-City Productions brought the dance alive.
2. "I did it like this, I did it like that ..."
3. Jenni and Danny are enjoying their last Sadie Hawkins.
4. It's only 50¢ to get hitched!
5. A long line of people who wants to record their memories of Sadies.
6. Working in a country dance is fun.
7. The best moves are at a hoedown.
8. Arresting people was just part of the fun.
9. "Howdy partners, c'mon and join us."
10. This is what Sadies is all about — to be with friends.

What's The Word? . . . "Grease"!!

The Drama Department did it again. This year they used their musical talents to produce the musical, "Grease," by Jim Jacobs and Warren Casey.

"Grease" is a nostalgic tale of yesteryear. Set in the '50's, it is the story of Danny Zuko (Tony Tognazzini), a greaser who falls in love with Sandy Dumbrowski (Kristen Roth), a prim and proper social type. This modern "Romeo and Juliet" is filled with celebratory songs and lively dance numbers.

Rehearsals for "Grease" ran more smoothly than any in the Drama Department's long history. It resulted in an evening of topnotch entertainment; high school theater at its best.

The cast included Roxane Carrasco, Diana Cage, Tracy Stumbo, Karen Espino, Peter Underwood,

Alex Edwards, John Pertle, Todd Christenson, Nikki Larson, Lori Nelson, John Kerr, Jonathan Lurie, Byron Dunn, and Kecia Gerlach. Nearly half of the players have also distinguished themselves in the award-winning Serra Music Department.

Ms. Shattuck, head of the Drama Department and director of "Grease" says, "They are by far the best cast I've had the pleasure of working with. All 17 actors except one are juniors and seniors, and most have already been in at least one play at Serra. They are dedicated and experienced."

Delores Fischer was the musical director and Marjorie Hull choreographed the play. The band included musicians Jesse Severe, Matthew Ball, and Jeffrey Newman.

1. Kinicki and Sonny strut their stuff.
2. "We go together like rama-lama-lama, ka-dinga da ding-dong!"
3. "We're one of a kind, like dip-da-dip-da-dip doo wop da dooby doo!"
4. Eugene converses with the crowd.
5. Danny and Rizzo make a date for the Prom.

Everyone Remembers . . .

Once upon a time there began the class of 1987. Back in 1972, in first grade we were the loudest on the playground. When we were with our friends we thought being in the second and third grade was the greatest thing on Earth. We had class spirit even then. When everyone else was playing "tag" and "kickball", we were building castles. Our pride showed in everything we did, from our personal pride in ourselves to our pride in our school, and keeping it clean just because it was ours, to our pride in our academic life. We knew grades were important and now is when paying off. The class of 87 as a whole unit is genuinely friendly. If a new student arrived we made

a serious effort to make them feel welcome, and a part of our group. Even though there are different groups who dress different and like different kinds of music, we all have a few things in common. For example when "Breaking and Rapping" first came out we were the first ones out there trying it. We also bought our share of Reeboks, Guess jeans and "neon" clothes. So in that sense we were experimental. We are different from other classes. We are unique and hopeful. We have hope not just for ourselves, but hope for everyone. Hopeful that someday there will be peace in the world. Hopeful that someday there will be a cure for every

known disease. Hopeful that if there is life on other planets, that we will make contact and new friends.

We have hope for the future, while everyone else seems to curse it or fear it. We are looking for it and preparing for it.

Unicorns, Rainbows, Fairy Tales,

Happy Endings.

of Dedication

DECA (Distributive Education Club of America) is led by: President — Jeff Neidhart, Vice President — Cory Ramsey, Treasurer — Laura Denham, and Secretary — Michelle Bueno. Jeff Neidhart DECA's President, was one of the two chosen members of California to visit different schools in California to give presentations about DECA. In DECA, there are seven categories of competition; advertising, fashion, general merchandising, general merchandise, entrepreneurship, food marketing and financing credit. DECA is a National Organization that competes with chapters from all over California. There are four active competitions a year; Mini-Conference, District-Conference, State-Conference and National-Conference. The top three from State-Conference go to the National-Conference to compete with students from all over the United States. At these Competitions the students are given a chance to use their marketing skills as well as everyday things learned in school. DECA helps students get started in the world of business early. Maybe someday in the future some of these students will become successful business people.

DECA And Student Store:

Cashing In On Tomorrow

Students are given a chance to utilize job skills such as selling merchandise and handling money in the Marketing Class/Student Store. The class consists of 10th-12th graders that run the newly decorated Student Store. Students are offered job opportunities with the skills acquired by working in the Student Store. This year the Student Store sold the usual candy and Serra shirts however added college sweat-shirts and a new Slush Puppy machine. Thanks to the advisor, Mrs. Peggy MacArthur, and the Marketing Class of 1986/87 for running the Student Store.

N.J.R.O.T.C. acquired members interested in the career field of the military. This year, the group had evolved into a greater size organization. In each student, the qualities of leadership, responsibility, and discipline were developed. Each day, they were stressed with the teaching of military related skills; such as conduct drill, inspection, naval history, and seamanship. A Drill Platoon, a new part of the club, had been established which competed in competitions along with the rest of the unit. The large group was led by commanding officer, Lt.JG. Curt Desjarding, and executive leader, ESN Jeffrey Peterson. The Students of this corp have a promising and successful future ahead of them.

Q-News Provides the students and staff here at Serra with up to date information. Some of the news items include interviews, features, and presentations. Q-News is led by Monte Ochoa, who has been at Serra for 6 years. Monte did a great job this year informing the school on important events. Q-News is Serra's own news broadcast. It informs us on the events already held as well as upcoming one's. Without it, the students wouldn't know what important events and issues are happening on and around campus. Thanks CCTV.

A.S.B. Worked Their Hardest . . .

Many students at Serra High don't realize the importance of A.S.B. and the amount of work members go through to produce a full social year. Headed by President Marc Santa Maria, the group discussed problems concerning the school and worked on several different activities. Also, A.S.B. works on leadership and student government. According to new advisor Mrs. Louise Shappee, "1986-1987 has been a great year, filled with exciting and rewarding events. As a new advisor, I look forward to many more terrific school years." Thanks A.S.B. for making this year great. We appreciate you.

The 86-87 Yearbook staff went through many changes this year. One of which was, adopting a new format. This of course, is a magazine style. This format enhanced the quality of the yearbook. It also allowed us to stay in the current trend of things. An example of this is the use of shadow boxes. The shadow boxes added a touch of class and finesse, to the layouts.

This year's staff decided to change its way of doing layouts. In order to please the students of Serra, the staff adopted a new style. The magazine format helped to organize the copy blocks and pictures. This year's yearbook should be uncomparable to those of past years. We hope you enjoy the changes and advances that we have incorporated in this year's yearbook.

We would like to thank the advisor, Beverly Greco and the assistant advisor, Barbara Varsano for their patience and dedication to the staff. They devoted long hours of hard work in order to help the staff meet the appointed deadlines. We would also like to thank Rod Williams, the Jostens representative for all his encouragement and guidance. He taught the staff how to draw and plan layout designs. Last but not least, we would like to thank the administration and the student body for all their cooperation.

"Learning from mistakes is a crucial part of the journalism experience," says advisor Laura Hiltz. Looking back at all of the changes that the newspaper has undergone since its conception in 1976, then a quarterly magazine, it is obviously not a static publication. Current editorial-in-chief Lisa Billigmeier can take credit for the papers transformation from the magazine format into the monthly newspaper.

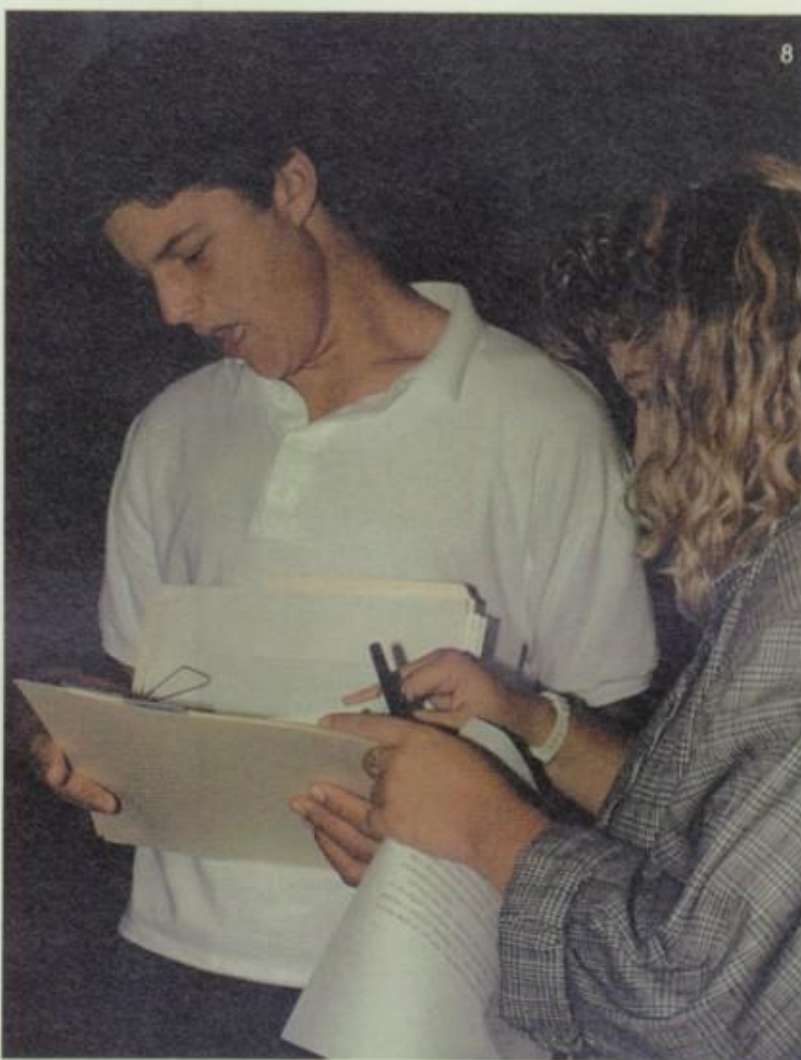

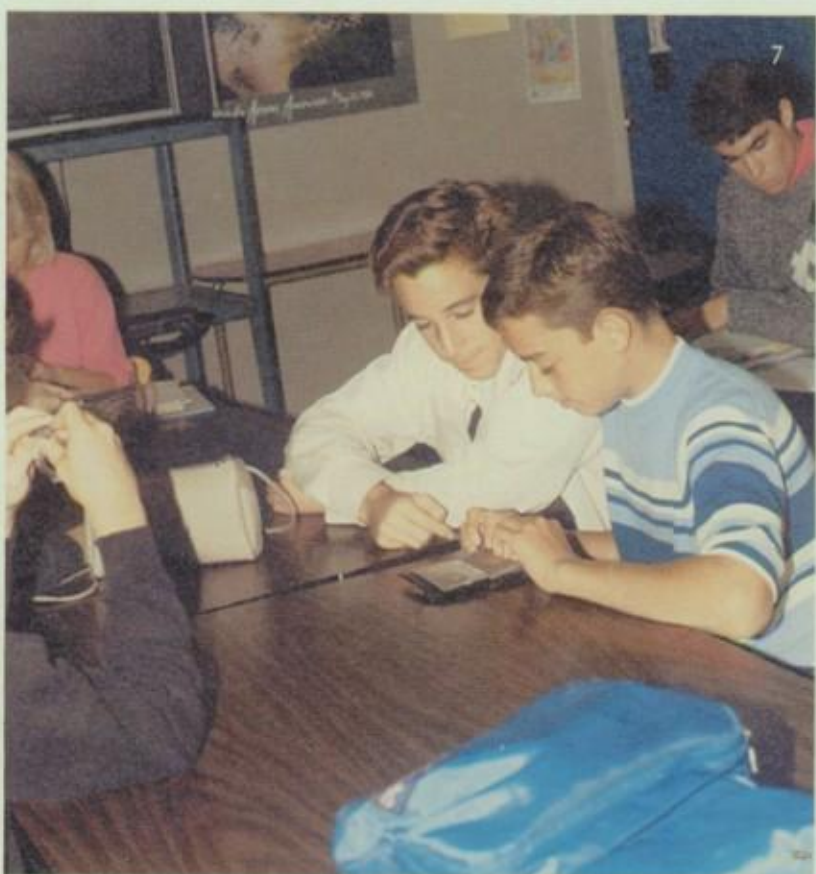

Lisa is also responsible for forming two seperate staffs. While one newspaper is being put together, or "pasted up" the other is in the creative stages. The result is newspapers that come out twice as often as one-staff periodicals. Each staff is under the watchful eyes of issues editors Jessica Bonner and Mike Urkov, who assign stories, layouts, and pictures to each staff member.

Being in the Marching Band takes a lot of hard work and dedication. Each band member gives hundreds of hours of practice each season toward the development and perfection of a field show. Hundreds of more hours are given to a parade production. Each show that is performed is a fine tuned combination of ingredients.

A full field show can last anywhere from seven to eleven minutes. Not only must a band member learn his or her music, but he or she must also learn field maneuvers and be able to combine these two elements for field pageantry. More goes into learning field maneuvers than just where to stand. Every band member must be a clone of each other. Many hours are spent on step size and knee lift during practice. There is even a certain style of step that one must take. Posture and carriage is also a

large part of the performing process. No slouching is allowed, attention must be held at all times. During a competition, the overall appearance of a band has a great impact on a judge, right down to the grooming of each individual member. More than one member has gotten a last minute haircut for the competition cause.

Parades are also an important part of the competition season. Parades are extremely difficult competitions. Each parade can be anywhere from one to five miles long, or even longer. In the heat of the day and in marching shoes, this is no easy feat. Another reason they are difficult is because the judges are right there instead of in the stands. Some judges even walk with you to see if you will make a mistake. In a parade formation, every rank and column must be perfectly straight. The spacing between each member

must be the same. In a parade is where all the hours spent on obtaining a uniform step size pays off. If all the elements come together properly, the result can be spectacular.

The marching band is a correlation of four different units: The musician, the Drill Team, the Tall Flag Corps, and also, the brand new Letterette Team. This year's field show was designed by the officers of all the units. The Marching Band had an excellent season this year and looks forward to many more.

The Letterettes are a new group at Serra this year. This team consists of five members. The Letterettes are an auxiliary of the marching band.

They compete with the band in parades. The Letterettes each carry individual Letters, with which they do routines. They lead the band down the street, not only announcing the school's name, but they also provide an enjoyable visual impact during the parade.

The Letterettes had a wonderful season this year. They won second place at camp for their home routine. They also competed with the band in four parades this year and did very well at these competitions. This is an exciting and vital new team at Serra which we look forward to watching grow and improve. Good luck in the future!

Tall Flags . . . Second Year Around

Row 1: Gigi Gapusan, Sonya SantaMaria, manager Jennifer Pique, Belinda Vickers, Cindy Salcedo. Row 2: Dulce Carlos, Holly Reming, Mary J. Libed. Row 3: Kristi Lea, Julie Holmes.

This was the second year for the Tall Flag Corps at Serra. This year's team consisted of nine team members, with Captain Kristi Lea, Lieutenant Julie Holmes, and Advisor Mr. Thomas. The Tall Flags carried on the tradition of excellence by winning second place at the San Dieguito Tournament of Bands and receiving the highest score in the parade portion of the Mount Carmel Competition.

It takes a lot of hard work and dedication to be on the Tall Flag team. The team is chosen through tryouts in late April to early May. They practice all year long, including the summer. Practice from the end of school until mid-July is dedicated to basics such as flag moves and marching maneuvers, and preparing a home routine to take to flag camp. This year at camp, the team won second place in the camp competition. At camp the team experienced four days of intense tall flag practice, learning three routines in the four days. They are very proud of their second place prize and superior rating trophy.

After camp there was a two week vacation then it was back to practice again. The team then put together their parade and field routines. All of the routines were choreographed by the officers of the team.

The field show consisted of four songs this year. For each song the team not only had to learn flag routines and field maneuvers, but they had to combine and perfect them. Hours upon hours are spent on just making

sure that every member makes the correct angle with their flag. The flags further expanded their repertoire this year by using matador capes during the field show.

The fall competition also consisted of a parade. The parade shows are extremely difficult to put together. Not only must a team always move in a forward motion and march from 1 to 5 miles, but they must also do formations and perform routine work. This year's parade routine was especially strong, and the team was very proud of it.

The fall season ended on December 13. The rest of the year was dedicated to spring competitions. During the spring, the Tall Flag team competes separately. The team competes inside a gymnasium. They pick their own music and uniforms for the spring season. The spring season is when the flag team combines both dance and flags for their routines. Everyone that went to the home basketball games got a chance to see the flag team's spring routine.

The Flags also performed for the school during the Homecoming and winter sports pep rallies. The new advisor for the Tall Flags was Mr. Thomas. The team appreciated all of his hard work and dedication in helping to make this season successful. The Tall Flags had an exceptional season this year and hopes to have many more.

The Serra Drill Team began their '86-'87 competitive year with a bang. In July they attended summer camp at San Diego State University. At camp they captured awards including superior home routine, award of excellence in precision dance, sweepstakes, outstanding officer line, and individual awards won by Lee Shoulders, Lori Cezar, and Julie Smutko. The team was also nominated by their peers as the most admired team in attendance, thereby winning the five star award. After a short break they returned to practice for the upcoming fall season. Though the competition was stiff, Serra's Drill Team placed second at the San Dieguito Tournament of Bands and first at the West Covina Tournament of Bands. They also maintained exceedingly high pa-

rade score throughout the season.

Unlike most sports and activities at Serra which last only one season, Drill Team is a year round endeavor for it's sixteen members. During the winter-spring season they performed at basketball games and competed throughout Southern California. Their main focus, however, was on a national competition held in Washington D.C. in March.

This years Drill Team has been successful and enjoyable due to a positive, school spirited attitude emitted by each of the team members. Under the advisory of Mr. Thomas, and the leadership of Laura Lyman, second lieutenant, Elisabeth Aydelotte, first lieutenant, and captain Julie Smutko, the team has maintained Serra pride.

The Junior Varsity cheerleaders had an outstanding '86-'87 year. As soon as the squad formed, they began practices and on June 24-27 they attended an NCA Spirit Camp held at San Diego State University. Working all day learning chants and cheers, they were evaluated each night and won four blue ribbons and two spirit sticks. Then on the final day the J.V. competed against four other varsity squads. The win assured them a spot in the National Cheerleading Championships. Also, with nine new cheerleaders, the squad showed a lot of enthusiasm while cheering the 's to victory.

Once again the Varsity Cheer Squad has had an excellent year. During July 22-25 the squad traveled to The University of Santa Barbara for an NCA Spirit Camp. Each evening they were at camp, the squad was evaluated on what they had learned that day. Over the three nights they stayed, they received three blue ribbons, one red ribbon, and two spirit sticks. Doing a great job at camp, they had the opportunity to compete for a chance to go to the National Cheerleading Championships. They beat four varsity squads and attended the championships on December 26-29. Cindi Murphy, the new Q's mascot, did super and helped the varsity squad keep the enthusiasm up at the games and at other spirit raising events.

Serra Singers

The Serra Singers have always been outstanding in the past, and this year's Singers were no exception. At their first concert, held at Carlsbad on the night of November 5, 1986, they received an outstanding comment by the S.D.S.U. choral director, Mr. Almond, for both of their classical pieces. Their next major concerts included the Long Beach City College Festival, Serra Invitational Jazz Festival, Fullerton Vocal Jazz Festival, and possibly the Santa Cruz Jazz Festival. The most prestigious festival the Serra Singers were hoping to go to was the New Orleans "Jazz Celebration Festival" during April 24-26.

This year the Serra Singers, as well as the entire Music Department, had to go through many changes as a result of Mr. Stone's leaving the department. A new teacher by the name of Mr. Loren Salter replaced him. He is very competent, patient, and supportive of ideas. We know he will do his best to keep the Singers number one and make Serra known for not only its greatness in vocal jazz music, but also in classical music as well.

Even though the new members are very young and inexperienced, competition they go to. We wish them the best of luck and much success in the future.

Under the direction of Mr. Nelson, this years Concert Band was a great success on our campus. With the combined talents of Mr. Nelsons experience and the many hard working students, the Concert Bands hours of practice showed through in their performances with a style of professionalism. We congratulate them for a job well done on representing our school.

Wind Ensemble And Concert Band A Musical Combination

Wind Ensemble, also under the fine direction of Mr. Nelson did a wonderful job of presenting the fine points in playing and performing their instruments while representing Serra. The Wind Ensemble was a group of very talented students that showed great dedication to their music. The Ensemble volunteers their time after school for practice and they deserve all the recognition they receive.

This years Pep Band has done a wonderful job playing for Serra's Athletes and spectators at our football and basketball games. The Pep Band under the direction of Mr. Nelson is in charge of playing music between quarters and during time outs for the spirited Q's fans. Similar to the Marching Band, they perform at school activities and provide us with entertainment of various songs. Their playing alone provides encouragement to the team and at the same time encourages the spectators to become involved. It takes a great deal of time and hard work to produce such an encouraging group, but thanks to these talented and dedicated individuals, our Pep Band has become a key asset to Serra's rise in spirit. Our many thanks to these great musicians.

The Swim Club is designed to raise funds for the swim team and to get a head start on the swimming season. The members of this years club decided to sell Le Pop Lollipops so when the swimming season came around, they would have enough funds to compete. The club becomes the swim team, keeping the same members. While in the club, the members begin to work out and start their swimming. This way, when the season comes around, they will have had a head start on the competition. It is a good idea to join this club if you plan on swimming with the team.

This year's Pep Club did a fine job helping raise spirit at the football and basketball games. With a fairly small amount of members, the group sold pom pon's to help with the funding of their traditional Pep Club T-shirts. The main goal of the Pep Club is to get more people involved with the football games and to help raise the attendance at the games themselves. So if you are a real spirited person, join the Pep Club and show some of your enthusiasm!

P.T.S.A.: Everyone Participates

P.T.S.A., (Parents Teachers Students Association), worked together this year to create activities to raise money for our school. They had many fun and exciting events, such as: The Celebrity Basketball Game and Open House. Also, they provided financial help to students who were chosen to represent our school in other states. They provided the Drill Team with their letters and awarded three scholarships to outstanding seniors.

Through the leadership exhibited by-Dia Diana Keyes, the president, the P.T.S.A. accomplished many of their goals. Since she was an experienced leader, (last years president as well), the teachers and parents were able to do a great deal. She stated the P.T.S.A.'s main emphasis is that the parents are able to communicate and voice their opinions about the school through their board meetings. The meetings enabled the parents to know what was going on in their children's school. The members also provided help and support, whenever needed, for students and teachers.

Special thanks to Diana Keyes and all the teachers and parents involved in this important organization.

1986-87 Serra High School Academic League had three teams: Varsity, with Jayne Liu as captain; Junior Varsity, with Captain Pauline Lam; and Freshmen. Senior Jayne Liu was also the club's president. The organization was under the guidance of their advisor and coach, Faith Whitehurst-Miller. The teams practiced during lunch on Mondays, Tuesdays, and Wednesdays.

The purpose of the Academic League was to stimulate academic and intellectual growth. The league enabled students of comparable abilities to compete and showcase their ingenuity, strategies, and of course, knowledge. Not unlike sports manipulation, Academic League students set up game plans especially in the final minutes of a match. Tying the game in the final seconds was commensurated with tying a basketball game and then shooting an accurate free throw as the game concluded!

FHA/HERO — Future Homemakers of America-Home Economics Related Occupations is a National Leadership organization for young people. It helps members develop valuable skills through involvement in various activities. Some of these activities are Competitive Recognition Events, helping the community through Community Involvement Projects such as raising money for the homeless, the orphans, and preparing food for the Battered Women. Fund raising events help members attend regional and State Leadership Meetings as well as provide opportunities to make new friends and travel to different parts of the state. Meetings are held throughout the year every week and anyone is welcome. On January 31, at Fallbrook High the following people took such places: 1st Julie Gatsis, 1st T. J. This club teaches its members the do's and don's of modeling. It helps them to better understand the fashion world and their part in it. The president, Melanie Blumenthal, and the vice president, Lori Cezar, as well as the rest of the club is hoping to be able to put together a fashion show at the end of the year. Hitting The Slopes With Style

This year's ski club had many fun-filled trips. With less members than last year, the club, led by Mr. Delute, had the opportunity to go on trips with other schools, such as Torrey Pines and La Jolla. In the beginning, the members were skeptical because of the lack of snow. With ski trips to such places as Idaho, Utah and Mammoth Mtn., the club had a great season anyway. Leaving on December 26 and returning on December 31, the skiers packed their bags and skis, got on the bus, and drove to Utah. While in Salt Lake City, the members skied at a different ski resort each day. They were Alta, Snowbird, Park City and Solitude Mountains. The "Spring Break" trip was planned to Mammoth Mtn. for a taste of California spring skiing. The Serra Ski club, with club presidents Geoff Kelley and Lisa Billigmeier, is designed not only for experienced skiers, but for beginning ones as well.

This year's president for the Senate was Michelle Nadeau. Along with Michelle, the officers of the Senate, Kara Eckman, Vice-President; Noel Rees, Secretary; and Jeff Wood, Treasurer; organized the Senate meetings. The meetings took place once a month during second period, the homeroom class. The Senators were elected by their second period classmates. The year was started off by the Senators wearing their Senate t-shirts to publicize the meetings. As the year progressed, each Senator was responsible for keeping a "Senate Box" posted, a bulletin board made up of a calendar and flyers. The "Senate Box" proved to be very effective when promoting school activities.

The Senate accomplished many things throughout the year by organizing productive committees. For example, the Campus Beautiful Committee organized the first Senate/A.S.B. dance. The money earned went into improving the looks of our campus. Other committees during the first of the year were; passes given during class, unavailable parking, publicity, etc.

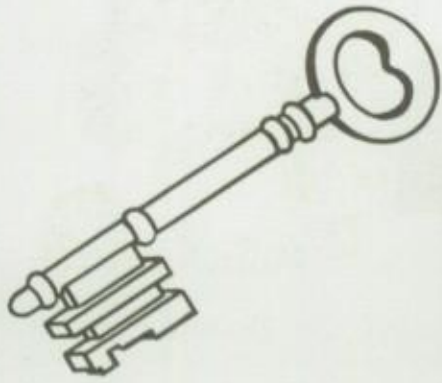

With the help of the administration and the A.S.B. advisor, Louise Shappee, the Senate was able to accomplish many of their goals. We hope the future Senate organizations continue the strong leadership skills which have been upheld for over ten years.

The California Scholarship Federation has been, for many years, an organization to honor those students who strive for achievement. Eligibility status was based on the Spring and Fall semester report cards. The members must have been in grades 11 or 12. In addition, they had a minimum of 10 grade points, 7 of which were academic classes. A= 3 points; B= 1 or 2 points if in an Advanced Placement class. Only five of their six courses were counted. In citizenship they excelled to their utmost potential. To be in the club, no N's or U's could have been attained. As an advisor, Mrs. Miles maintained the group's unity. These hard-working individuals are on their way towards a successful and rewarding future.

The Race/Human Relations Committee is a community oriented organization whose objective is to generate a better environment for the students of Serra, the people of San Diego, and its neighboring communities. This organization concerned about the welfare of people. One, among many, of their accomplishments was the fund raiser for the Tijuana Orphanage. In addition, this committee helped to resolve the locker problem. They aided in the setting up of a feasible system which not only kept the lockers clean, but free from vandalism. The members of this committee believe in taking a positive approach to problems. The head of this committee, Mr. Joe Nyiri, is thought by many as the leading force toward the promotion of goodwill among people. We, the student body, would like to wish this organization much success in the years to come.

Although relatively new, the International Club has received much recognition. This organization brings together students of different ethnic backgrounds and exposes them to each others cultures. This is a way for the members of this club to expand their horizons and better understand the ways of other nationalities. The sponsors of this club, Carl Stahnke and Jenny Hingst, greatly appreciate the high number of members and wish that it continues. This club held a social banquet in honor of the foreign exchange students. It gave them a chance to share their ideas and feelings with the club members. The president, Tracy Nguyen, hopes that the club will expand in the upcoming years.

Up And Coming Actors

The drama club is designed to help students interested in the career of acting by putting on many enjoyable plays for the community. This years theater club did an outstanding job with their performances. Spending many hours of learning their lines, making the sets, and practicing their parts, the students pulled off a very nice production of the play, "Deadwood Dick" otherwise known as, "The Game of Gold." The drama/theater club advisor, Mrs. Susan Shattuck, spends much time with the young aspiring actors and actresses, helping them learn the true art of acting. We would like to thank all the club members for the time and effort they put into their plays and to also thank Mrs. Shattuck for seeing the students through. Their hard work, dedication and enthusiasm shows through in all the scenes and acts they perform.

One of the new clubs this year on campus was the Photo Club. The members embarked on many field trips, including to photography museums. In every biweekly meeting, the students discussed new types of lenses and filters. Also, they developed their own film with different printing techniques. The Photo Club has high hopes in expanding their membership capacity next year.

Arranged Alphabetical: Arthur Bradway, Rai Cobarrubia, Mae Delossantos, Ofelia Fajota, Charles Gawlik, Rico Lallana, Alisha McKee, Lalaine Pagsoligan, Lyn Pagsoligan, Laurie Pollard, Danielle Sherman, Wayne Stivers, Cassie Tucker

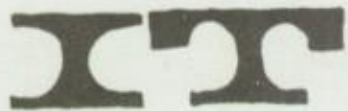

Shutter Bugs And Graphic Arts

The Graphic Arts Club is one of the many organizations back again for the 86-87 school year. With the guidance of Mr. Dear, members can express their creativity in various ways. At each weekly meeting, the students discuss a wide range of printing techniques and work on unique projects. Also, they demonstrate their artistic talents through the printing process of many original and interesting designs.

ICONOCLASTIC THINKERS

IT: Inconoclastic Thinkers

"IT" is a club that is in its second year and is growing in numbers. It is turning out to be quite a successful compiling of minds on our Serra campus. The purpose of this club is to report news on Biology and Science topics, sports on our campus, editorials, personal columns, and anything the "It-ers" feel our student body should be informed about. Under the Advisorship of Mr. Halsey these creative students meet every Wednesday at lunch to discuss the articles that will appear in the next issue of IT. We wish them continued success with their newspaper.

Front Line: Giovanni Labrador, Joseph Conway, Geoff Ballard, Drew Grabhorn, Rudy Schafer, Delyn Simons, Jenny Graff, Doug Alsbaugh, Joel Grande. It: Inconoclastic Thinkers And The Bio-Crew Hit Our Campus

The Desert Biocrew formally known as the Science club has become quite an organized club this year. Under the advisorship of Mr. Rick Halsey, this is a group of students that want to experience and promote a greater understanding of the local deserts and mountains of the San Diego county.

Their adventurous excursions have carried them to the Anza Borrego deserts several times, to Santa Barbara and as far as the Sierra mountains. These trips have given them a greater appreciation for our nature's beauty and have supplied them with memories that will last forever.

Math Team And Computer Club

$$\frac{\sin^2 \phi}{\sec \phi \tan \phi} + \frac{2 \csc^2 \phi}{\cos \phi}$$

$$m_g = f_g$$

$$c^2 = a^2 + b^2 - 2ab \cos C$$

$$\frac{\cos A}{\sin B} = \frac{\sec C}{\tan B}$$

$$\vec{v} = \vec{c} + \omega \vec{A}$$

This Year's Serra Math Team was comprised of all juniors. With advisors, Mr. Lamb and Mr. Thomas, the Math Team had another year of stiff competition on the mathematical field days, with other high schools, such as Gompers and Helix. There were two main competitions. One was held in February at San Diego State University and another took place in May at UCSD. A math competition was also held here at Serra, inviting different high schools around the city to compete. The team was very optimistic about this year since most of the members had returned from the previous year. All participating were experienced in how the competition was set up and what they were to expect. Another plus with this year's team was that the students were better prepared with another year of math under their belts.

The Computer Club has been in existence the past three years at Serra High School. The club sponsors, Mr. Thomas and Mr. Lamb, enjoy meeting with the students on an informal basis to discuss programming, along with software applications. This year's officers, Danielle Sherman, Lalaine Pagsoligan, and Michael Urkov, plan to offer in-service word processing demonstrations for interested students and staff. They also want to increase the membership of the Computer Club for next year.

Students Against Drunk Driving, otherwise known as S.A.D.D., is a club that encourages students not to drink and drive. Although relatively new, S.A.D.D. has gained much publicity and recognition among the students and staff of Serra. Its members dedicate long hours of work in order to prevent and reduce the fatality rate among teens who drive drunk. They discuss and promote alternatives to drinking and driving. For example, the members share personal experiences with each other in an effort to discover and remedy the problem of driving drunk. The advisor of the club, Mr. Carl Robbins, is a firm believer in S.A.D.D. He discusses the consequences of alcohol and driving with his Driver's Education Classes. In an attempt to further discourage students from drinking and driving, S.A.D.D. displayed, in front of Serra High School, a demolished car, which was the result of a drunk driver.

On the day of Homecoming this car was displayed in front of Serra, with a sign saying: "If you're going to drink and drive make sure you kiss your mother goodbye."

A Portrait

of Perfection

THE OCEAN

All alone I sit, no one around.
 Above me the lonely echo, of the seagull.
 I look out far into the massive stretch,
 of unknown depths before me.
 I know beneath the surface, is a quiet world that belongs
 to me.
 As I wait, I watch the surf pounding against the sand.
 All around is solitude, and I can feel the intimacy.
 When I come here, I talk . . .
 To the wind, the sand, the ocean . . .
 And I know I have been with friends.
 As appeared in TEEN MAGAZINE.

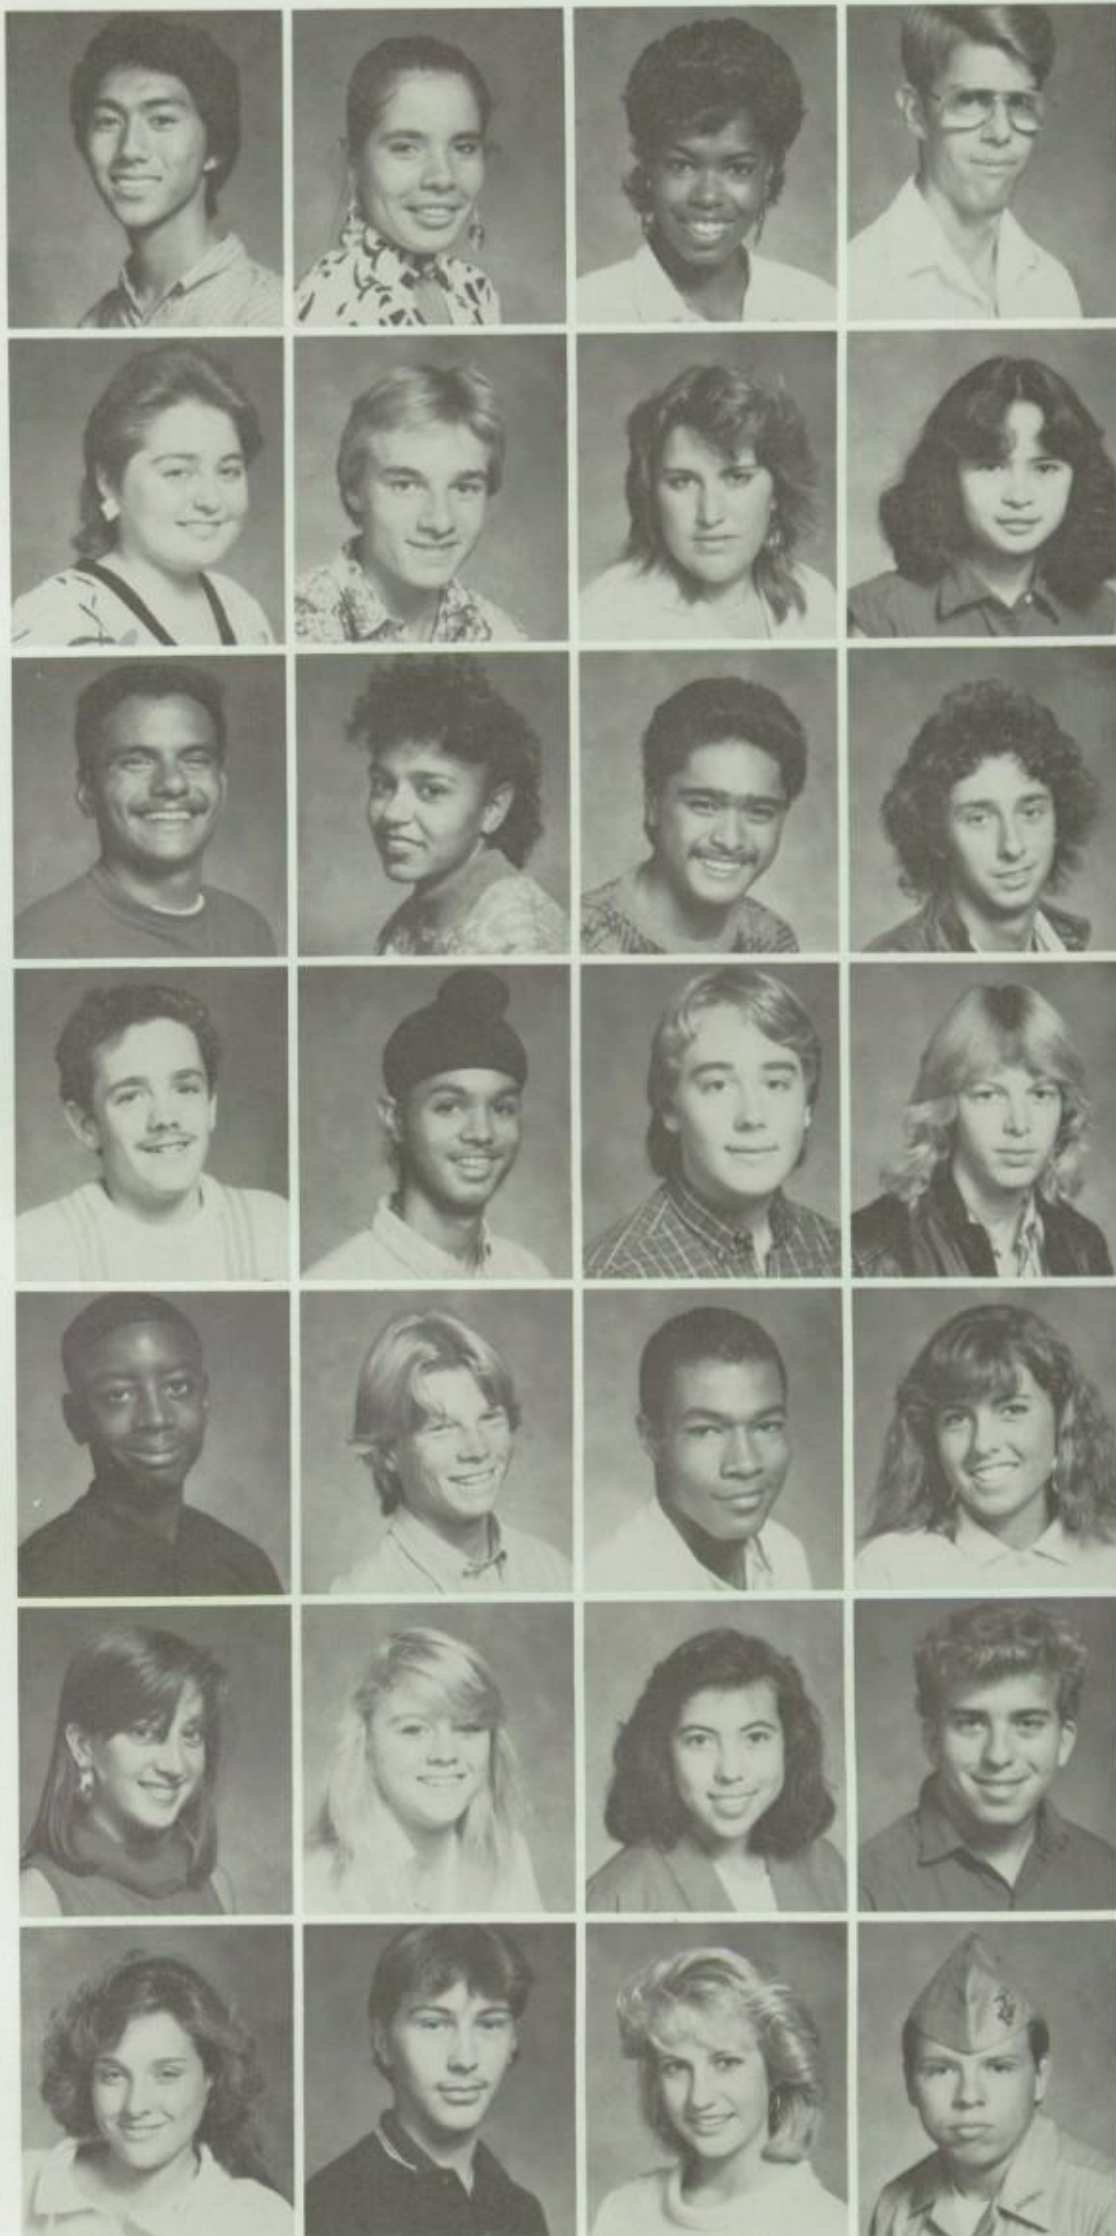

Juniors Unite

Representing this years spirited Junior class were Homecoming Prince Rodney Navarro and Princess Kecia Gerlach. The juniors exposed themselves this year unlike any other. They were very enthusiastic and active participants in class activities, sports and clubs. During Disneyland Homecoming week, the juniors won the spirit link contest and tied with the Sophomores for the overall week. Their float, "The Submarine Voyage", placed 2nd, losing to the Seniors by only two points. Also, the Juniors sponsored the Psycho movie, participated in the Powder Puff game and dance. Some of this great progress was due to our outstanding lady officers, President—Heather Lamberson, Vice President—Juliane Licht, Secretary—Gail Paradeza and Treasurer—Susan Sauquillo. Throughout the year these Juniors proved their loyalty by being involved in their class. Next year these Juniors will be the leaders of Serra. They have what it takes and they know how to do it. Now, as the CLASS OF "88" unites they seek knowledge and combine it with fun because in one more year we'll be done.

Serra's Surfer Girl: The Gidget Of The 80's

Heather Lamberson has a way with the waves. She takes on King Neptune and beats him at his act. In spite of all of the dangers of surfing, such as sharks and the most infamous danger of them all, fear, she conquers them all by hanging ten because she is a ten. Heather is an expert on surfing and has won many competitions to prove her vast knowledge of the sport.

Heather was born to surf. At the age of ten, she got a surfboard and taught herself the basics of surfing. In the beginning, it was inevitable she would fall off her board a lot. However, after many hours of practice, Heather mastered the sport. Now, wipeout is not a word in her vocabulary. Why did Heather choose the sport of surfing? She says it is because "It gets me close to nature, it keeps me in shape, but mostly because it is so much fun. It is really addictive."

1985 was Heather's first year surfing in competitions. She captured all of the viewers attention with her spectacular maneuvers, competition after competition. Throughout Serra's surf team season, Heather took first place in most competitions. She also won second place in the NSSA women's division at the State High School Championships. Heather hopes to continue surfing in many more upcoming competitions.

Konichiwa Serra!

At the age of fourteen, Julie Hensley became interested in a foreign exchange program sponsored by AFS, American Field Service. After her fifteenth birthday she became eligible to apply. AFS interviewed her and her family. They had her fill out an application and write an essay describing herself. She was instructed to send the application and the essay to New York. After many agonizing weeks, Julie received a letter which confirmed her eligibility to become a foreign exchange student. She then went to Los Angeles for a three day orientation on the country of Japan.

On June 10, 1986, Julie began her ten hour flight to Japan. On board the plane there were 90 other students who were also going to Japan. The plane made a stop at Seoul, Korea, then continued to Tokyo, Japan. Julie and the other students stayed in Tokyo for five days. She spent these days site seeing and learning the language. After further orientation, Julie took a bullet train to the prefecture of Nara, which was the site of her host family. Upon the arrival, Unebi, her high school in Nara erupted in elation. There were flyers all over announcing Julie's arrival.

Julie described her host family as "incredible." Although they showed no physical affection, Julie said that she could feel the love and care they had for her. Julie's family consisted of a mother, a father, two brothers, Hiroshi, 15, Yasushi, 14, and a sixteen year old sister named Shinoku. They helped Julie adjust to and understand the Japanese culture.

One day after her arrival, Julie started school. Aside from taking academic classes she enrolled in such classes as flower arrangement, archery, sculpting, art, ping-pong, swimming, and Kendo, a class of self defense using bamboo sticks. She said school in Japan is "kick back."

The administration of the school asked her to give a lecture to the students. During her one-hour lecture, she told them of her family, friends and the lifestyles of San Diegans. She was also asked to teach an english class and tutor in a chemistry class.

In her spare time, Julie visited the surrounding provinces, and went to the site of the first atomic bomb, Hiroshima. Overall, Julie enjoyed her visit and is looking forward to returning some time in the future. She said that the most important thing she learned from her experience was how to survive on her own without having to depend on friends or family.

"Hai-Ya!!"

It takes six years of training to become a first degree black belt in karate. Brett Pelphrey began his training as a third grader. For six consecutive years; two hours a day; three times a week, Brett trained under Mr. Emile Wright on Convoy in Kearny Mesa. His interest wasn't spurred by Bruce Lee or because he wanted to beat anyone up. He became interested out of sheer fascination.

Karate not only takes fascination it also demands dedication. He began as a white belt, after three months of training he advanced to a yellow belt. He trained three months as a yellow belt and then six months each as a green and blue belt. He continued his training as a brown belt and after nine months he finally became eligible for a first degree black belt. One year later (in ninth grade) Brett received his belt, but not until he passed a rigorous six and a half hour test. He was judged on his fighting and wood breaking ability and his kata (form).

On May 28, 1984 Brett Pelphrey received honors in Tae Kwon Do, a form of karate. He also studied other forms of fighting, such as, Chongi, Tan-gun, and To-song. He attended special weapon classes for numchucks, staff, and the butterfly, to gain knowledge.

He often jokes by saying "Man who fights fair loses" but in reality he learned a valuable lesson. Through dedication, and experience he realized that, "Your hands aren't lethal weapons."

Dedicated To Tony Gutierrez

Take Time

Take time to enjoy life.

To laugh and cry.

Take each day as it comes,

But don't let life pass you by.

Take time to recall the good times

Shared with old friends and loves

But don't live in the past.

Take time to wonder

What the future may bring.

But live for today,

Because today is everything.

Take time to share yourself

With friends and family too.

And remember to

Take time to love

Because only those who love

Can be loved too.

A Season

of Change

J.V. Field Hockey

This years J.V. team did very well as expected. They were at the top of their league with a nearly perfect record and placed 1st for the third year in a row at the San Marcos Tournament. The future looks bright for the Serra Varsity Field Hockey team with the up coming hopefuls. This years standouts for offense include, Etheline Mendoza, Delyn Simons, Kelly McGiveron, and Julie Hurst. Defense includes Kecia Gerlach, Marcie Roberts, and Jennie Kohrmann. This years team is very

well balanced. It takes the whole team to win and play hard. There are four returnees from last years J.V. team, the rest of the team is made up of new players who have improved greatly. Each player has her good qualities in different areas which comes together in practices and games. Vince Viado, the coach for the past four years, volunteers his time to build a better and stronger team. It takes a good coach to make a team work together. His skills in playing and coaching is appreciated.

Top row: Manager Lisa Pautler, Jennie Kohrmann, Nikki Miko, Kelly McGiveron, Kecia Gerlach, Marcie Roberts, Amy Stevens, Coach Larry Berger. Middle row: Lisa Burgeri, Janet Baluyot, Ellen Springall, Jeanette Fong, Amanda Buchanan, Julie Hurst. Bottom row: Vera Constantino, Amy Casillas, Delyn Simons, Angie Gibney, Etheline Mendoza, Karen McInnes, Andrea Curtis.

Striving For
Excellence

Varsity Field Hockey

This years Varsity Field Hockey Team worked hard throughout the whole season to achieve their goals. Laurie Berger, this year's coach, worked them hard to uphold the reputation earned by the team. The skills they acquired helped them be victorious in the Optimist Field Hockey

Tournament and the Eastern League.

This year's standouts include: Seniors; Tory Graff, Cindy Skordas, and Tabor Price, and Juniors; Kris Fillat and Shirley Kessler. Although the Seniors will leave, the team has a lot of potential with many hopefuls moving up from J.V.

Front row: Allison Kahn, Jill Sandman. Second row: Julia Taylor, Tara Molinare, Tory Graff, Shirley Kessler, Susan Saquillo, Cindy Skordas, P.J. Meyers, Kathy Chung. Back row: Manager Lisa Pautler, Julie Hensley, Lisa Hexamer, Amy Jo Thompson, Debbie Gingras, Kris Fillat, Tabor Price, Tess Dixon, Noel Rees, Coach Laurie Berger.

1. Julia Taylor hits the ball across the field to her teammates.
2. Fillat takes it down towards the goal.
3. Lisa Hexamer fights for the ball.

Cross Country...

"Cross Country wins are a way of life for Serra runners," according to a San Diego evening newspaper. The team, coached by Bob Oliver, has taken eight of the nine league titles since Serra has opened and had another opportunity in reach this past season. They have taken home three CIF banners, including last year's in the 2-A division. Since Oliver has been the coach, Cross Country's overall record is an unbelievable 85-9 overall. According to Oliver, "I've always had good runners but we've also had a solid program for them to develop. The key to

winning is to get them to run over the summer." This year's team consisted of a mixture of experienced runners and those that were new to Cross Country. In the sport, the runners are confronted with a variety of terrain, including grass, dirt, and hills. The Cross Country team had many outstanding members, but the standouts seemed to be senior, Jeff Wood, junior, David Riggins, and sophomore, Jeff Cekander. With most of the runners returning next year, Cross Country looks forward to many more good seasons ahead.

Striving To Be
The Best

Junior Varsity Volleyball . . .

The Jr. Varsity Volleyball team continued the tradition of excellence. With an all new team, Coach Cole worked very hard to get them up to the Serra standard, and it paid off in a good season. They started slowly but battled for a powerful finish.

The J.V. team was full of outstanding players this year such as Sheri Pierce and Jasmine Ibarra for their excellent setting, and Kelsey Monagan for her hitting and defensive hustle. Coach Cole was also

impressed with Michelle Graham's hard work and dedication.

When asked for any predictions for next year Coach Cole replied "This was a young team with a lot of potential. They excelled throughout the year and I expect that the varsity team will benefit next year from the players on this team."

The team as a whole was very talented and they all deserve plenty of recognition for a job well done.

This years varsity Football team was lead by team captains Troy Juergens and Ronnie Lardizabel who are now on their third year as starting linebackers. It was a young team with many returning players. Determination and hard work are what this years team consisted of, and with the outstanding efforts of head coach

Mike Williams and assistant coaches Richie Callender, John Hickey, Coach Kovacevich, and Coach Stuart the team had great hopes for the future.

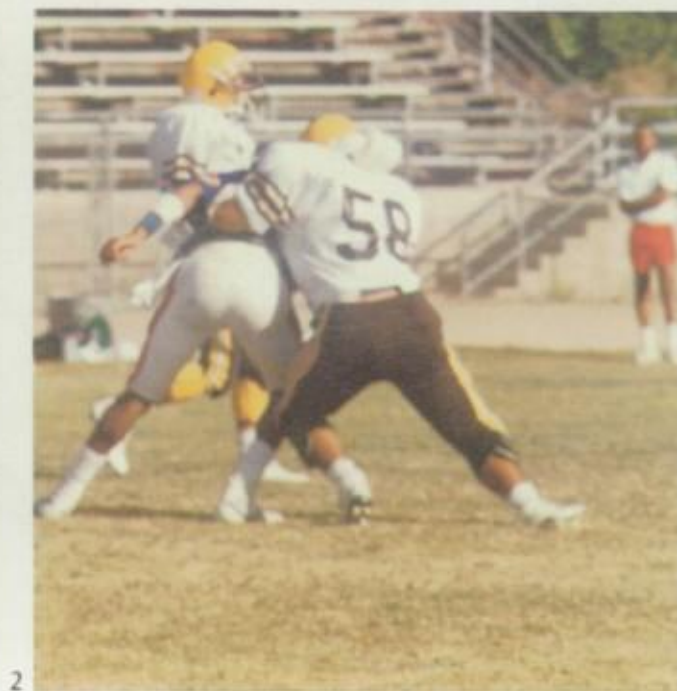

The years standouts included Troy Juergens as best all around player, Matt Tilea as best receiver, and James Jarvis as best lineman.

Hopes For The Future

Junior Varsity Football

The turn out for the '86-'87 J.V. football was the largest in six years. J.V. Head Coach believes that this is the result of the assistant coach's enthusiasm for the game. "Coach Thunder encouraged all his students in his other classes to try out, and they did," he explained.

Having lots of players make the team is fine, but how does Coach Watson feel about having only six returning players, and a girl on the team? "Returners didn't bother me. This team is off to a better start than last year, and we have more depth on the bench," he

replied. Coach Watson also doesn't mind having a girl on the team, he said that "she deserved to get on the team, and she worked hard to get there."

With a non-league start of two wins, two losses, and one tie some of this year's standouts are: Klaus Owens: runningback, defensiveback, and quarterback, Ken Ladue; quarterback, Joe Delfin: runningback, Joel Gonzales: runningback, Steve Muchaca: receiver, Rod Alexander: receiver, C.J. Meyer: offensive/defensive lineman linebacker, Matt Steitz: offensive/defensive lineman.

A New Twist To
The Old Game

Girl's Tennis . . . Another Great Season

As in the past years, the tennis season has again been a good one. There has been a lot of improvement over last year's team. The team consisted of a mixture of experienced players and also of a lot of new talent. The team, coached by Sue Minnock, had many wins this past season, with their hardest competition coming from Mira Mesa High and Patrick Henry. Some of this year's standouts were first singles Nikki Mattice, second singles T.J. Lan-

uzo, and first doubles Helen Mondala and Leigh Ann Jarvis. As said by Helen Mondala, "Coach Minnock worked us hard through the season and it paid off in the end."

In picture one, Helen says, "Look, up in the sky . . . It's a bird, it's a plane, it's a tennis ball." In picture two, Nikki Mattice performs a perfect backhand. In picture three, T.J. Lanuzo manages to hit the ball back to her opponent.

Boys Soccer

Boys' soccer is, again, having a very good year. As usual, many strong players returned to play again this year, and among these players are several juniors, a few sophomores, and even a freshman!

With so many returning players it is always very hard to make the team. Plus, the soccer team had well over forty players try out, but this year Coach Williams decided to make it easier to get on the team. "This year I have a big enough team that I can have

two full squads, and they can constantly scrimmage each other. I wanted to keep my practices challenging." He also joked about his larger than average team by adding, "You never know when Asian flu may hit, so you need a lot of extra meat on the bench!"

Some of this year's standouts are: Greg Aynsworth: Senior fullback, Derek Reed: Junior mid-fielder, Jake Segraves: Senior forward and the team's leading scorer with 22 goals.

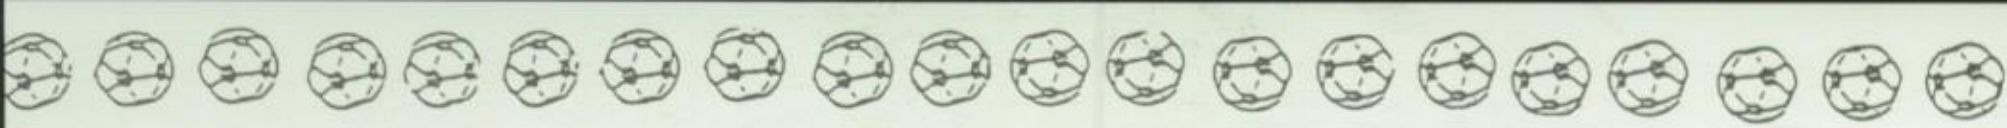

Bottom row: (kneeling) Left to right Mike Jackson, Jeff Brownley, Donny Mossey, and Jon Terrell. Second row: Brian Goodyear, Luis Mendoza, and Jason Keyes. Go For The Goals

Girls Soccer

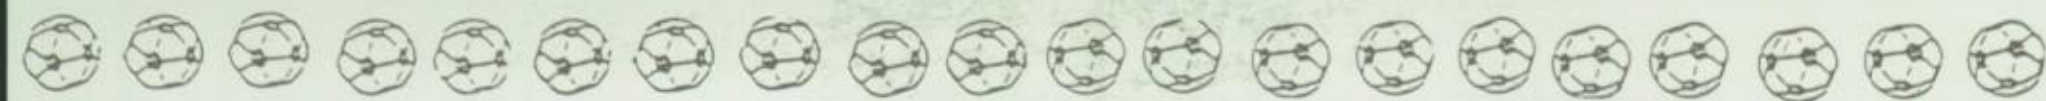

This year's girls soccer team started off very strong with a lot of potential and determination to be the best. With many long hard practices the Q's surely deserve what they have achieved. One of their great achievements included placing second in the San Pasqual tournament, in which they tied and lost to the numbers one and two ranked teams in the county. Due to these results, the Q's had an awesome

chance at maintaining their Eastern League title and winning CIF. Also with such leaders as team captains Tori Graff and Cheryl Parker on the team, the Q's have developed a strong central core, that is almost unstoppable. The starting line-up is made up of all six seniors, three juniors and one freshman with many determined underclassmen working for a starting position.

Boys Varsity Basketball!!!

The Boys Varsity Basketball team had to overcome the loss of the majority of the starting line-up of last year's 23-4 Conquistadors, this year to establish themselves as a team and gain the respect that all athletic teams deserve. They worked hard all season to succeed, fighting several hard and well fought battles.

This year's Q's had several hardworking players such as Keith LaDue for his strong rebounding, and Randy Cochran's excellent ball handling and Todd Knight as the leading scorer. Also Tony Payton's constant encouragement and

spirit along with his hustle hard work during practices and games, benefited the team this year.

Coach Williams, recognizing the youth of the 1986-87 conquistadors, decided to concentrate on skills during practice adding to a foundation the team could continue to build on. Through this approach Coach Williams expected constant growth from the team as they gained more experience and learned to work together as a team. The team's hard work and dedication will prove that the winning spirit here at Serra will never die!

Boys' J.V. Basketball

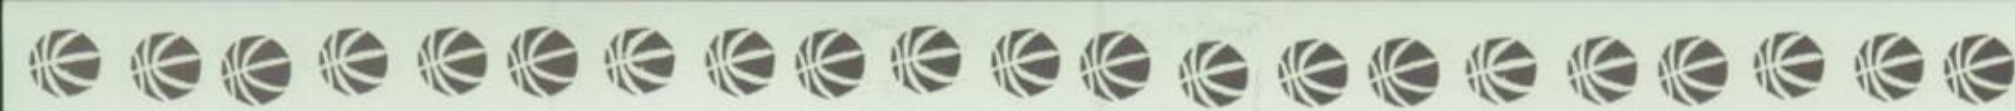

This years J.V. Basketball team is made up of mostly younger players. With their new coach, they're gaining experience and are very good hopefuls, for next years varsity team. Most of the players will advance to Varsity next year but with the new talent it will help a lot with next years team for experience. Even though only 5 players can play at a time on the court, it takes the whole team to win. Coach John Anella volunteers his

time to help the new team work on skills and be ready for future years. Although the coach is new, the players practice hard and show great promise. This years standard outs include Desi Dixon, Conrad Jones, Pat Fishel and Brian Martin was moved up to Varsity. According to the coach, the team has "a great freshman second team". The team did very well and this year will help them with basketball in the years to come.

Varsity Girls Basketball

This year girl's basketball team was a new and very young team. Who coach Watson said surprised many people. With only five returning players including only two returning seniors. The rest of the team was made up of six underclassmen, all new players. Despite the fact that the team was basically all new they improved im-

mensely from last year and had a far better record than last years team.

The team is led by captains Kirsten Fristad and Kris Fillat. This years standouts included senior Kirsten Fristad, junior Kris Fillat, and sophomore Lynn Patrick. Thank you for a great year girls.

J.V. Girls Basketball...

This years girls J.V. Basketball team is a fairly young, new team. Only a few of the girls have prior experience but the team, made up of mostly Freshman show great potential. Coach Page expects good talent toward the end of this year and next years team. Some standouts include Pam Ross (who leads the team with points), Diane Young, Ezra Youngblood, and with great

leadership qualities, Jasmine Ibarra and Angie Garcia. The girls practice hard and show great talent and skill while playing tough competitors. The team did very well and the future looks bright for next years team. Page has been coaching for a long time and has a lot of experience to share and teach. Overall, the team worked very well together and were very competitive.

Shooting Towards Varsity

Varsity And J.V. Wrestling

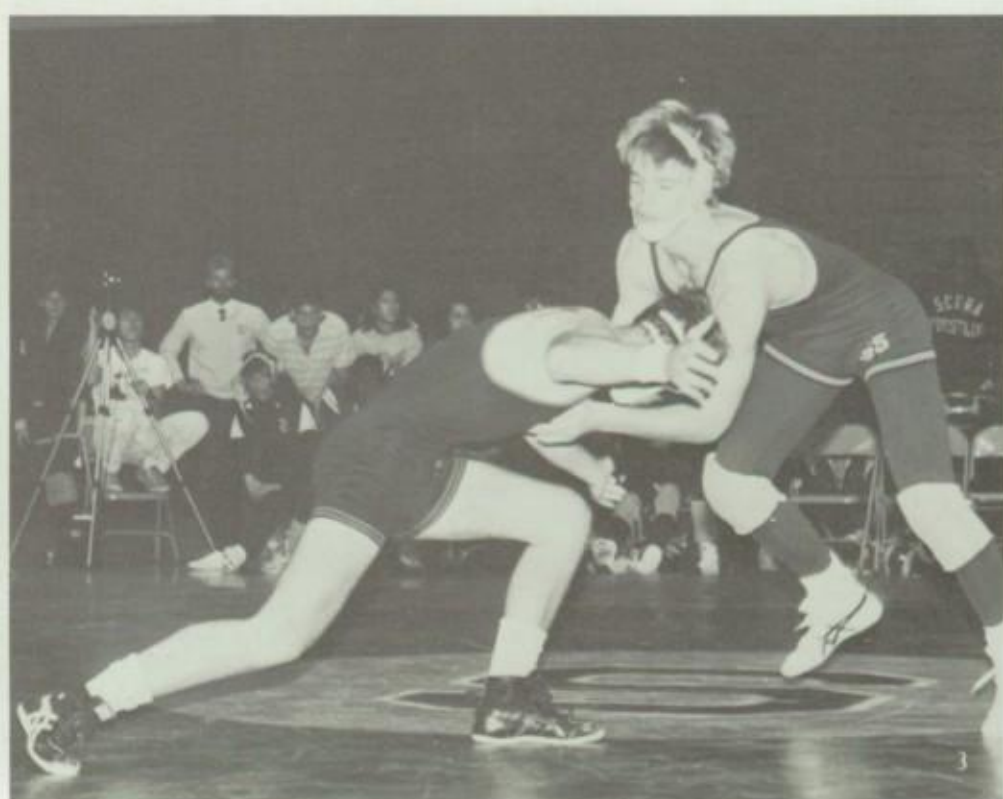

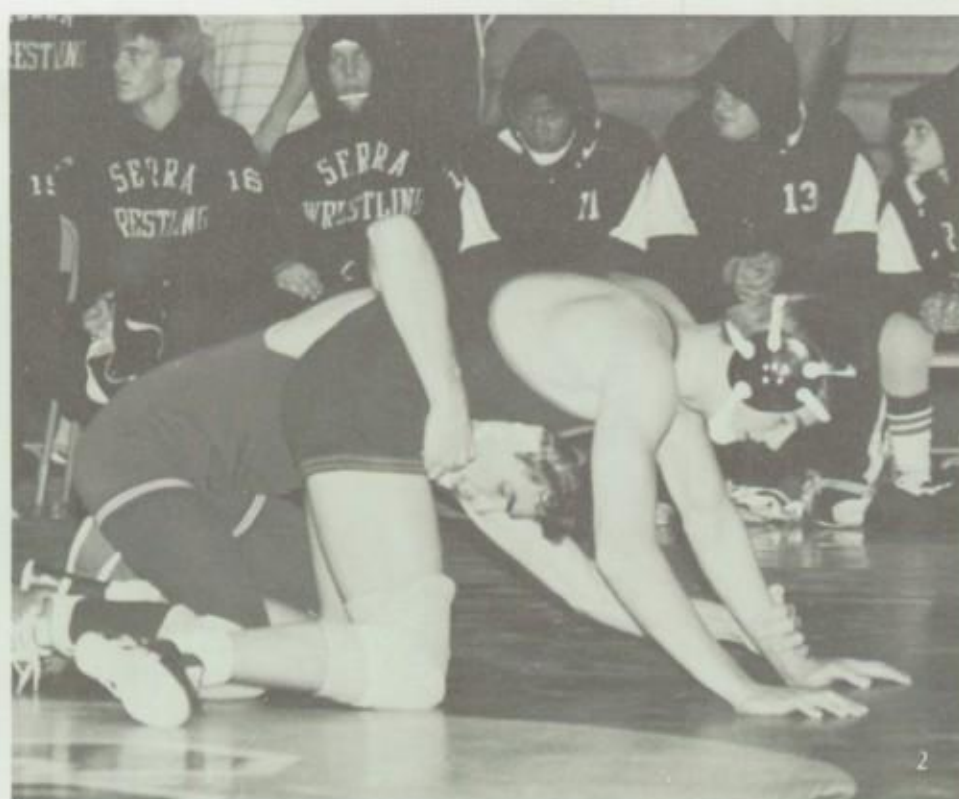

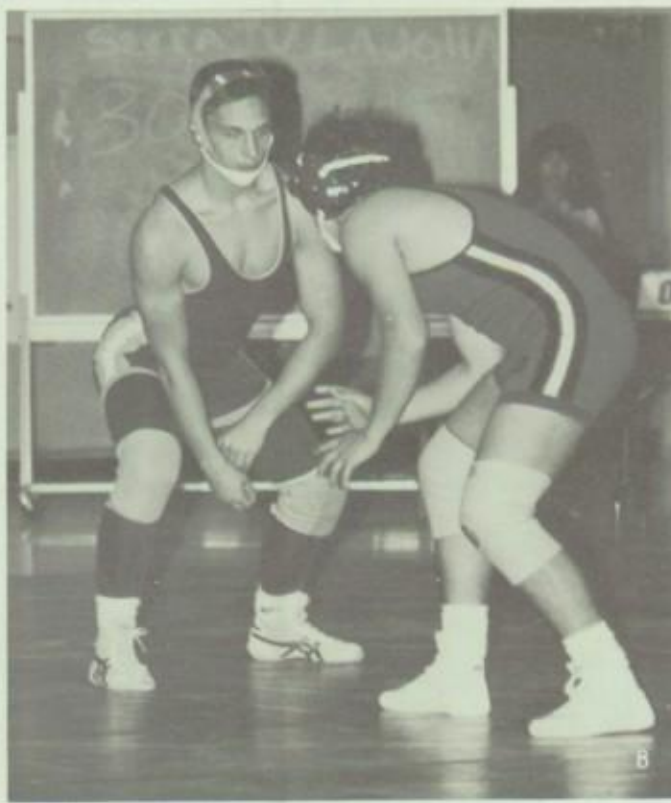

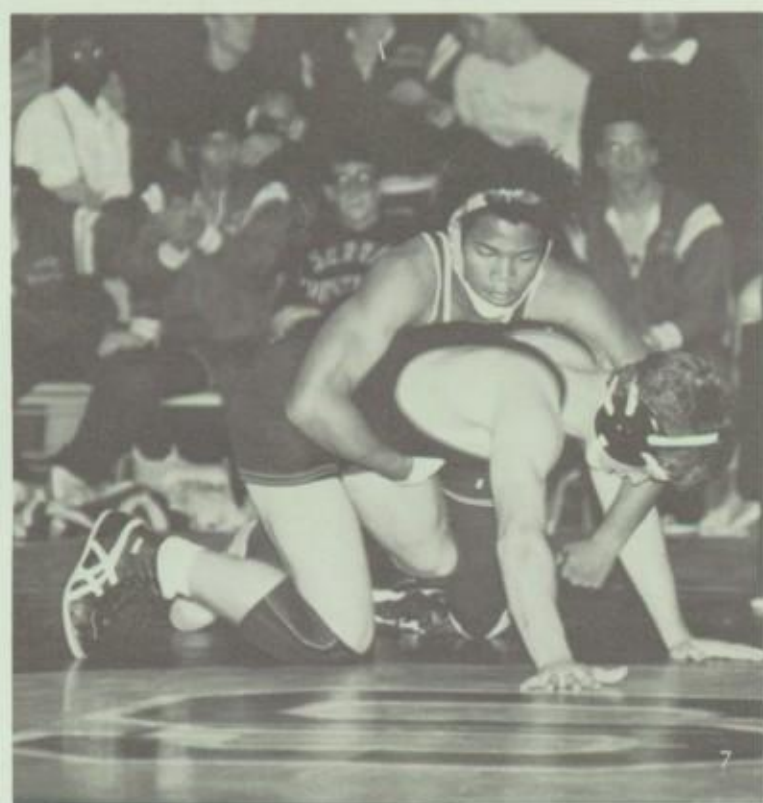

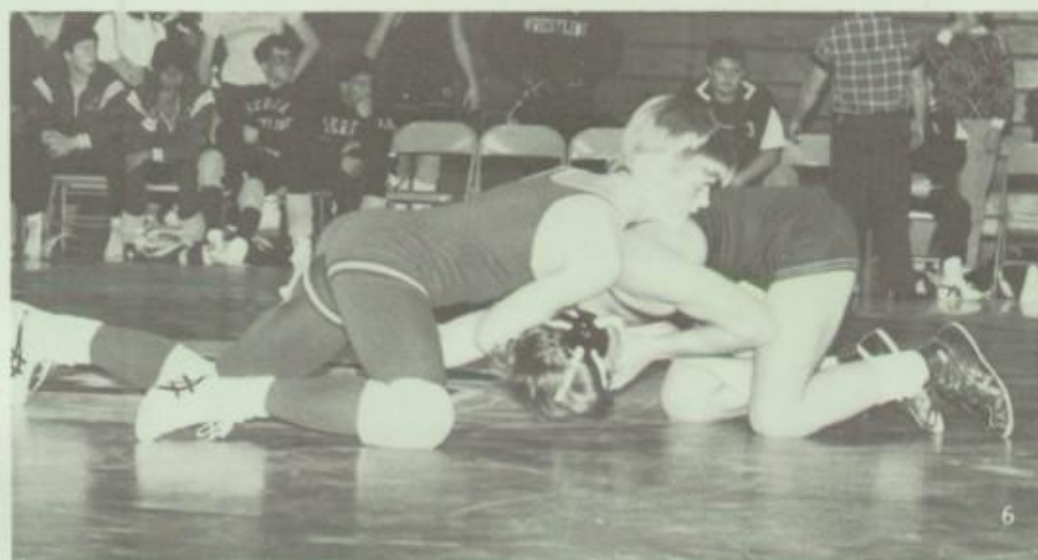

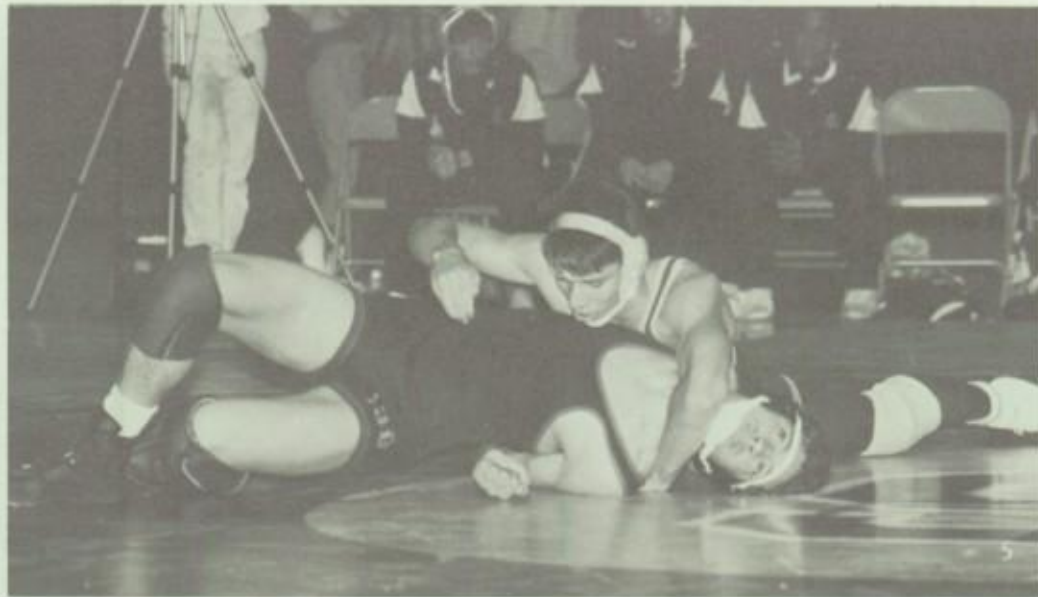

This year, Serra's wrestling team started out strong. Our Serra Q's went into their first match with a large team compared to those there have been in the years past. Unfortunately, however, numerous injuries plagued the team, causing the size of the team to diminish rapidly. Some of this past year's standouts included Rich Lazott, Mario Pitiquen, Junior Ridenour, and Jeff Neidhart. The team carried only one senior, but

everyone demonstrated their outstanding skills in the sport of wrestling. With the returning of many freshmen and sophomores next year, it seems like it will turn out to be another promising year. This past year's new coaches, John Valley, Mark Harrington, and Sam Mason, put together a strong bid for the league title. The team promises Serra many more great seasons ahead.

Junior Varsity Baseball

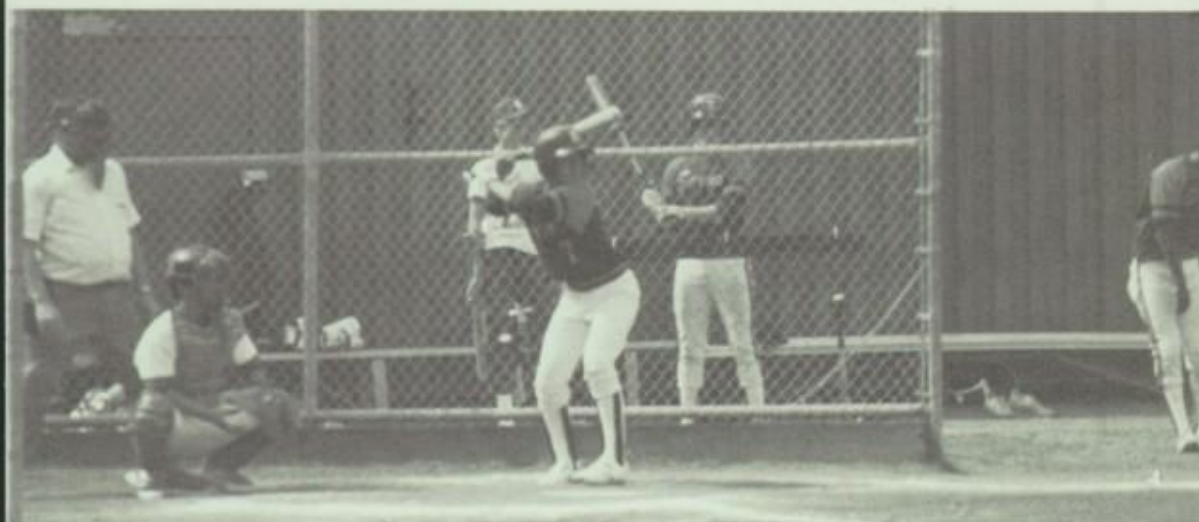

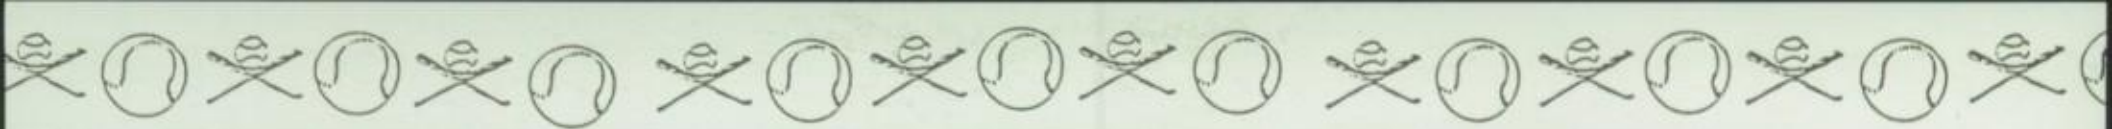

J.V. Baseball was a young and exciting team with many of the team's players advancing to Varsity, the team was very new. However, they had a very successful season in 1987. Coach Anella did a very good job with his J.V. team. It was his first year coaching the baseball team and his expertise

in baseball showed through. He wishes for many more successful seasons at Serra. The teams standouts include - C.J. Meyers, Tyrone Upton, Charlie Morano, Ampy Calendar, and Jason Silva. All of the Q's are commended for their great effort.

Varsity Softball

This year's Varsity Softball team is extremely young, but very strong with only six players returning from last year's team. Of these returning players, there is an even split of three seniors (Jill Hannon, Peggy Barker, and Cheryl Parker), and three juniors (P.J. Myers, Paula Samuelson, and Cindy Murphy). The new players consist of juniors - Kris Fillat, Amy Thompson, Theresa Gray, and Donna Morales; Sophomore - Jennifer Wible; and freshmen - Sherry

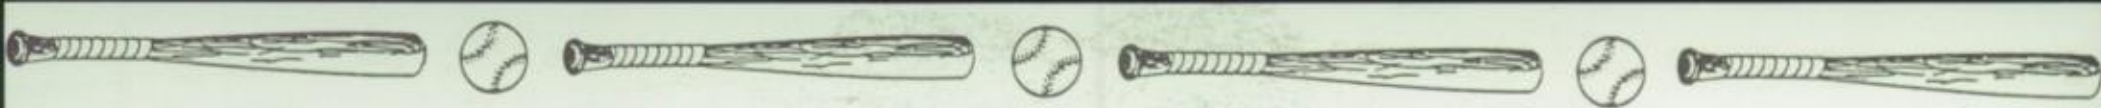

Pierce and Stephanie McCleod. Among these thirteen players, there is a lot of noticable talent and closeness.

Although the team started out slow this year, they still grew stronger as a unit every day, which proved beneficial in many games. Also, with such leaders and standouts as seniors - Peggy Barker, Jill Hannon, and Cheryl Parker, the team had a great chance at winning league and going into the play-offs.

J.V. Softball

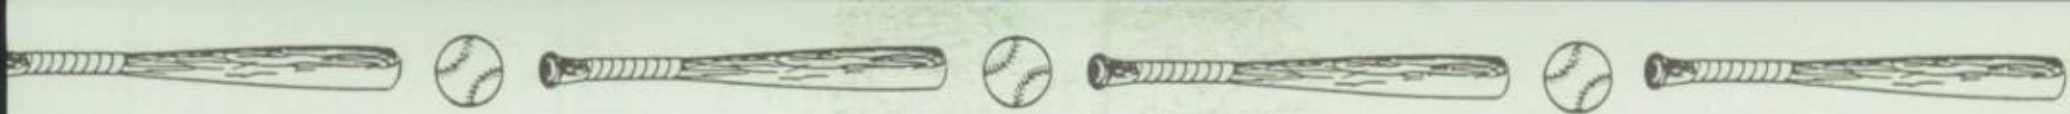

This years' J.V. Softball team was very successful. Starting off their pre-season games with many wins by blow-outs, gave them the confidence they needed to go into tournament play and League. Although it was an obvious team effort to do so well (due to many tough practices), such outstanding players as fresh-

men Pam Ross and Felicia Cole gave the team their best efforts. It was mainly due to this team effort and unity that their season was promising and proved to be very rewarding. And, as a result to their many awesome wins, next years' Varsity team should be exceptionally strong and successful. Go get 'em little lady Q's!

Serra Swim Team

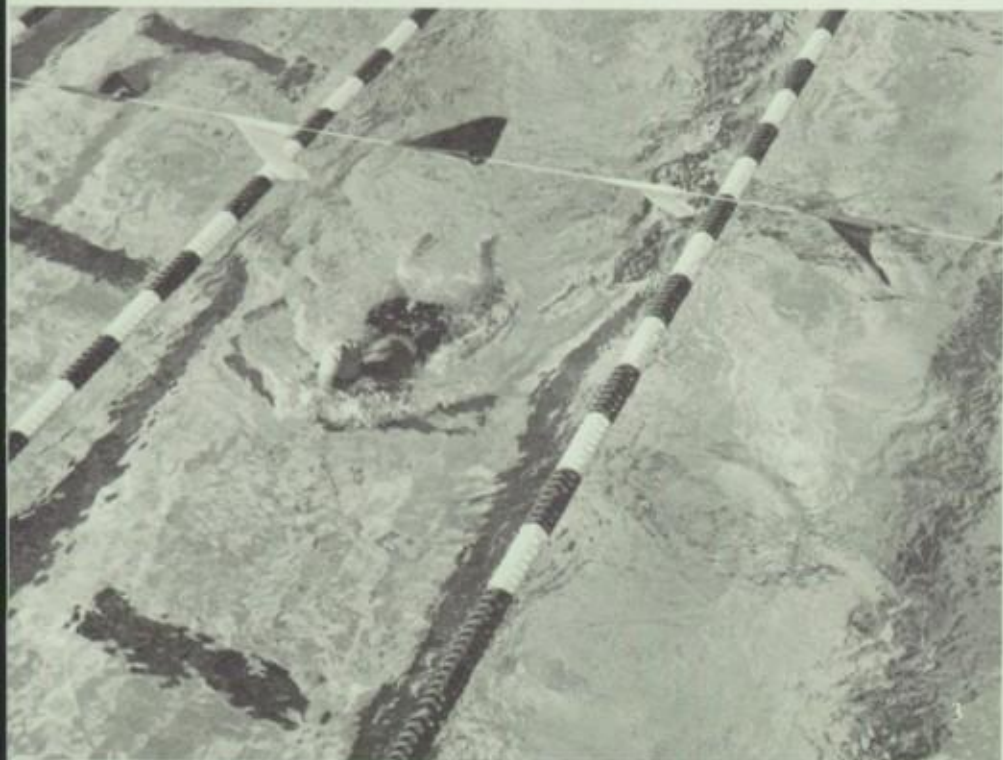

This years Swim Team has over come the obsticals of transportation and time to swim competitively at Miramar Swimming Pool once again. Although this is only the second year that Serra has had a swim team, there are some very strong swimmers. The swimmers practice everyday after school with the instruction of Mr. Szuch. To help with

the price, to keep the swim team going, the swim team has had fund raisers by selling Le Pop Lollipops. This years' strong swimmers are: Jill Sandman, Matt Ball, Tampuson Parker, Katie O'Mally, Tony Geist, and Manny Xavier. With the success of the swimmers team, for the past years, Serra hopes to have a winning swim team every year.

Co-ed Badminton

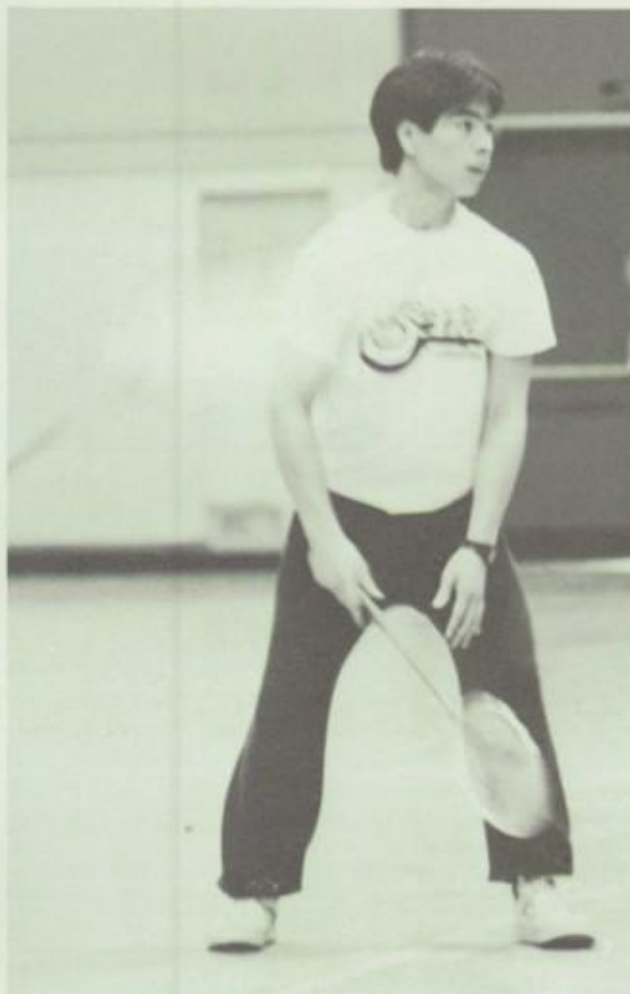

The 1987 badminton team had another challenging season this past year. The team performed very well, with some of this years standouts including Mario Pitiquen, Steve Marzec, Kathy Downey, Traci Nguyen, and T.J. Lanuzo. Next year promises to be an even better season for the team, with most of it's athletes returning next season. In each practice session, the members of the team

learned strategies such as hitting to the sidelines and avoiding the raising of the bird. They were then able to use these concepts to their advantage when playing in the official league matches. Coach Minnock hosted Serra's annual Badminton Invitational on May 1-2. It proved to be another successful tournament, with most of the schools in San Diego participating.

The Birdie Conquers

Boys Tennis

This year Serra has a new Tennis coach, Lee Logerwell. Before coaching for Serra, Coach Logerwell has been a tennis coach for adults. He has never coached a team before, so this has been a learning experience for both coach and players. Being a new coach he has tried to keep the goals simple. "My first goal, and my only goal this year is to win more matches than we did last year."

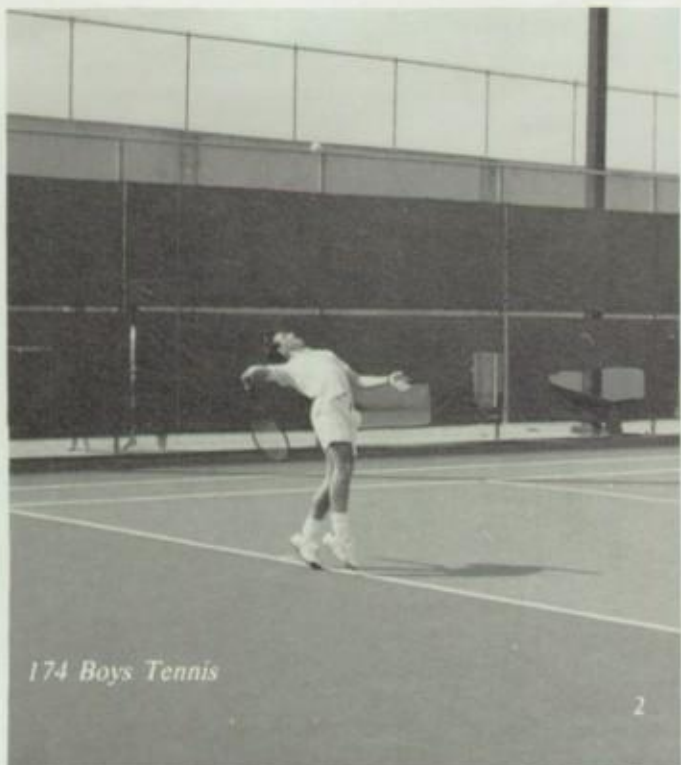

Some of this year's standouts are: Sean Willete, Dan Hrycyszyn, and senior John Moore. All have been very successful as singles players, but none have been winning much at doubles. "We have a really strong singles team,

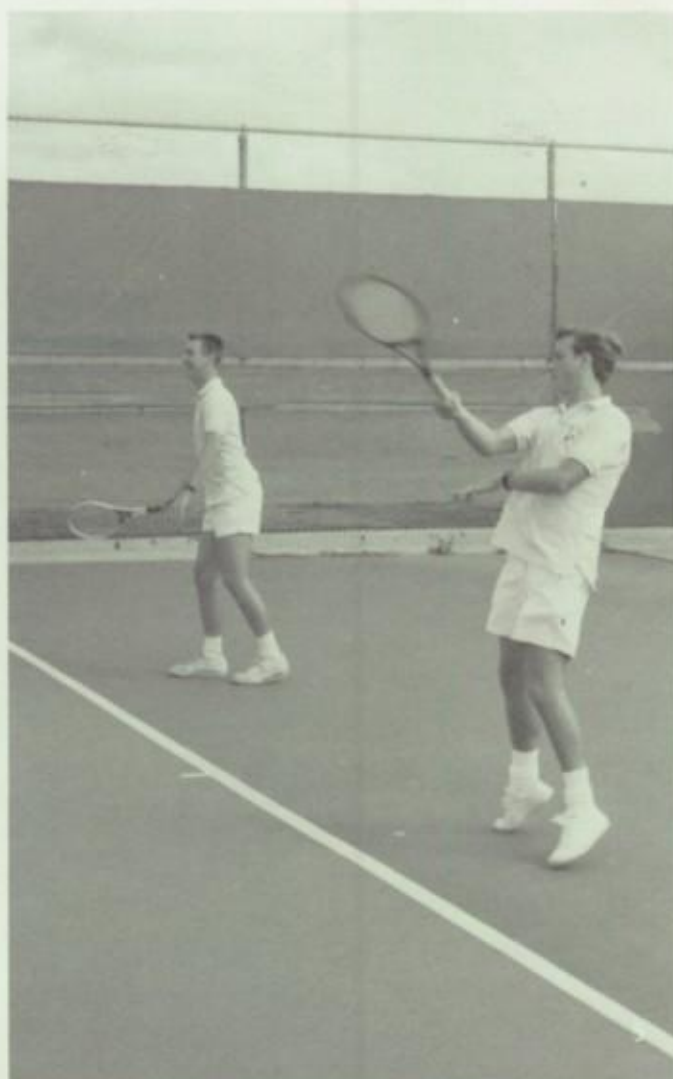

but our doubles need a lot of work. That's on my list for things to work on next season."

Every year a team has a MVP, or a player the team just can't do without. According to Coach Logerwell these two players are his managers, Nikki Mattice and Helen Mondala. "I couldn't do it without them. They're my second pair of hands and eyes." Besides busying themselves with managing the tennis team, Nikki and Helen are the girls' number one doubles team. They can usually squeeze some practice time during the boys' drills or hit some around against a boys' doubles team.

The Golf Team

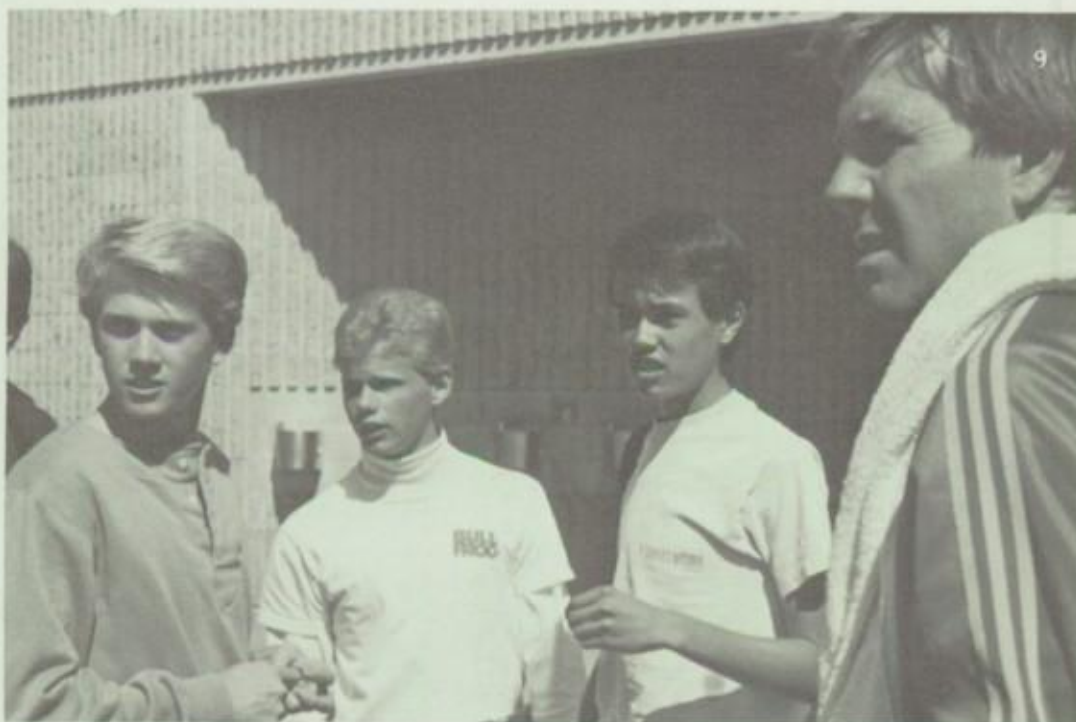

Golf is a sport that requires a considerable amount of skill. The golf team this year was a large team; however, everybody got a chance to compete in a match. As a member of this years golf team, the players got the wonderful opportunity of playing at elite courses like La Jolla Country Clubs and the Stardust. Most of the

matches took place at Balboa Municipal Golf Course. On some occasions, the team played at private clubs, such as: Navajo, and Torrey Pines. This years stand-out was senior Greg Aynesworth, and Nick Correll. The team was led to many wins by coach Tom Williams.

Girl's Track

The 1987 Girl's Track Team had another great season. There was a lot of new talent this year, with most of the team being young. The team consisted of three seniors, five juniors, ten sophomores, and five freshmen. Coach Page predicts that Serra will be the team to beat in two years as the freshmen continue to mature. This past season's outstanding runners included distance runners Kel-

ly Howard, Sherish Harris, and Carla Tucker. In Field Events, the standout was Lynn Patrick in high jump and long jump. Julia Taylor was well on her way to 36' in the triple jump. The throwers were led by Tanisha Henry. The assistant coach, Laura Elliot, who was a senior from the 86 Girl's Track Team, has been a great help, along with Mike Jimenez and Leslie Young.

Listed Alphabetically: Karla Ashby, Annisha Clinton, Lesa Corduan, Sherish Harris, Tanisha Henry, Treci Hopson, Kelly Howard, Michelle Huebler, Rhonda Klyzub, Laura Livingston, Mgr. Boys' Track And Field

According to Coach Oliver, this year's track and field had a lot of raw talent, which in the following years shall become a great asset. "In this sport you have sixteen events, our team had some players who excel in some events, but lack the natural ability to do real well in others." However Coach Oliver and Kovacevich don't seem too dishearted. "We're not doing bad in team size, and we are mainly a new group."

Some of this year's standouts were: Dave Riggins, Jeff Cekander, and Steve Stuart for the long distance runners. In

the pole vault, Mike Sutton. Ben Donkor and Kevin Gerlach with the triple/long jump. And throwing shot-put, Troy Juergens. "Troy's best throw this season was 51 feet, 6 inches. That was the third longest throw this season, and Troy will be competing against the number two man this season. He's a good athlete, he's one of the few seniors who have competed for four years in a row. I'll be sorry to see him leave, but Ross Godfrey is a very hard worker, and he seems to be a very quick learner."

Front row: (left to right) Kevin Croman, Chris Stirk, Ben Benumof, Andrew Hoffman, and Jason Keyes. Second row: Pat Wojdonski, Brian Poffenberger, Ross Godfrey, Daniel Cross, Richard Cross, Doug Alsbaugh, and Mike Sutton. Third row: Rodney Navarro, Jimmy Vickers, Brian Goodyear, Dalvon Logan, Troy Juergens, Jimmy Cekander, Mike Medhurst, Don Pierce, and Junior Ridenour. Fourth row: Mgr. Lory Mesira, Mgr. Stacey Young, Tim Williams, David Riggins, Steve Roberts, Jeff Cekander, Ben Donkor, Charles Harris, Bank Vu, and Steve Stuart. Fifth row: Mgr. Christine Byrne, Kevin Gerlach, Zach Good, Chris Cox, Karl Cherniss, Lawrence Bautista, Robert Paguio, Mike Williams, Alex Adamos, Coach Kovacevich, and Coach Oliver.

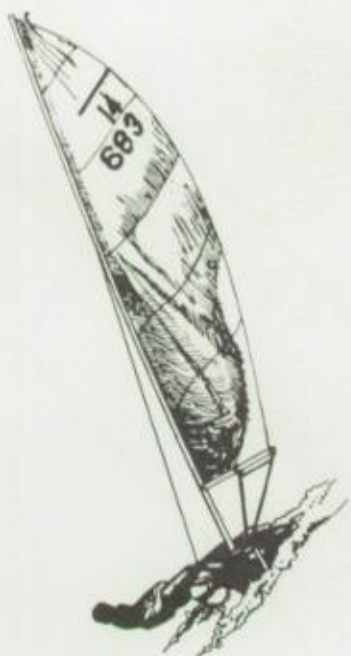

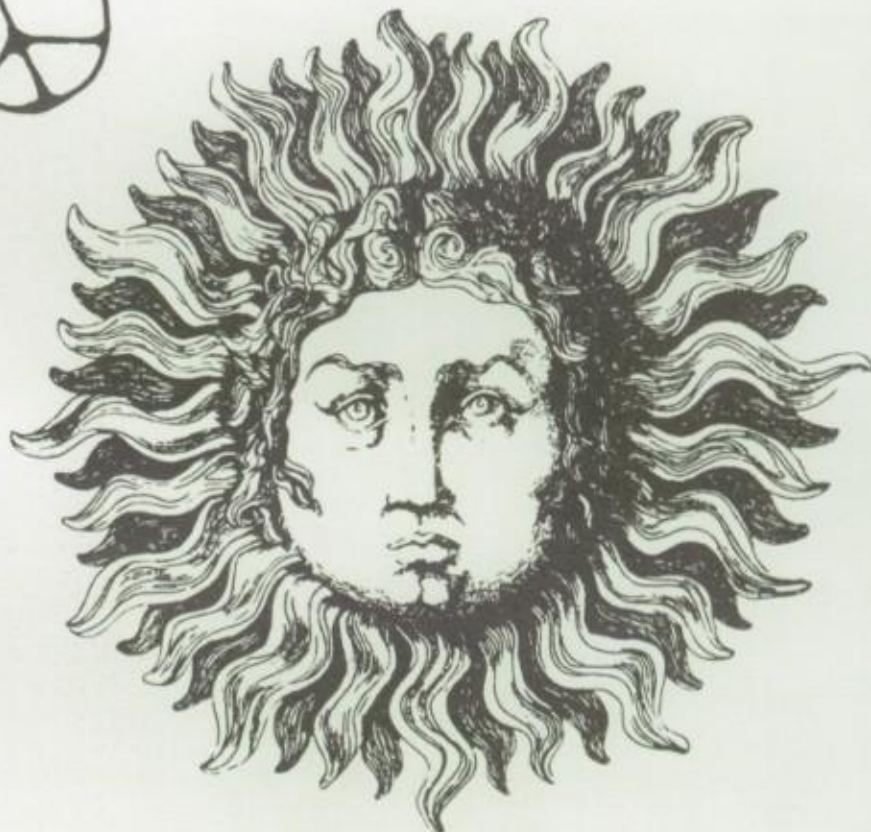

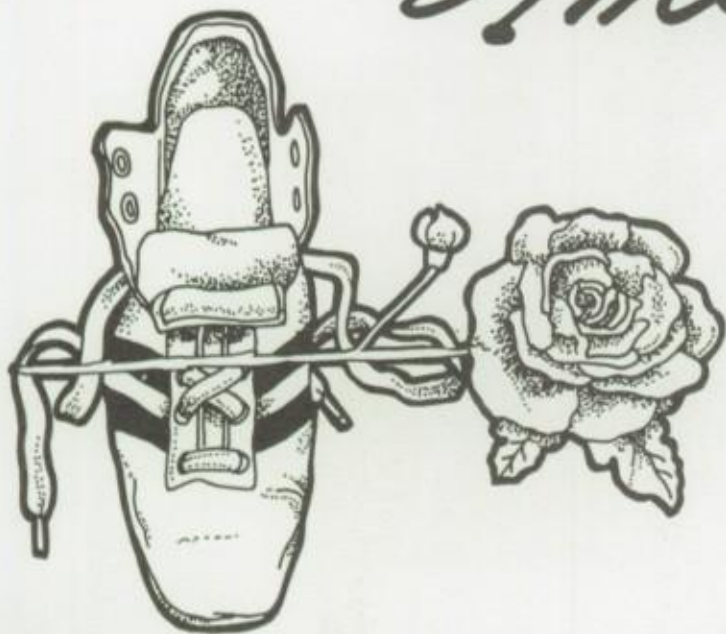

1. Brian Goodyear goes over the top.
2. David Riggins wins one for Serra.
3. Mike Sutton climbs over the competition.
4. Mike Williams walks on the air.
5. Troy Juergens and Ross Godfrey throw shot ...
6. and discus, too.
7. Mike Medhurst wins by a mile.
8. Charles Harris explodes off the starting block.

Picturing Dreams

Friends are a very important part of your High School life. What would we do without them? There would be no one to give you help on that math homework, to help you study for an English test or to help you get through those rigorous football or cheer-leading tryouts. The Sophomore class has now been at Serra for three years. Looking back over those years, many friends have come and gone, but whatever the case there have been everlasting memories. Memories like the first day as an eighth grader, the little underclassman struggling to make his mark with the upperclassmen. Then you as a Freshman when you could go off campus for lunch, become a class officer or attend a dance. Now that your underclass status is over and you enter the upperclass as a Junior, think of the others still in ninth and tenth grade and remember how it felt. Friendship is something we should all treasure greatly. Throughout your life you are always meeting new people, but the acquaintances and friends you had in High School are the ones you seem to remember forever. So, as you approach your last two years as a student at Serra High make the most of this chance to acquire lifetime friends.

Lizzy McHenry-Gates: 10th grade J.V. Football Player

Lizzy McHenry-Gates has always wanted to play football. When she was younger she played in backyards and playgrounds and really enjoyed it; so one day she tried out for Serra's Junior Varsity team.

Being the first girl to play football at Serra, she expected to be teased by the other players but that didn't stop her. She attended Conditioning Week with two other girls, and made the J.V. team.

Once practice started, she discovered that all the players on the team weren't glad she was there, but later on in the season she was accepted by nearly everyone. Although Lizzy was not a starter she felt that the coaches treated her fairly. Lizzy's future in sports is uncertain; however, she's sure that she will return again next year. So next year, come to the games and root her on.

Sean Willette: A Sophomore Tennis Standout.

Sean played in his first tennis tournament when he was ten. At that time he was ranked second in the county for his age group. He took a break from his tennis for one year, and experimented with baseball, basketball, and soccer which he has played for the past eight years. He returned to the tennis scene the next year and worked hard to bring his rank up to fifth in San Diego.

Sean joined Serra's tennis team as a Freshman and was seeded first through all of his matches on Serra's team. He won the MVP award, and off to CIF. Unfortunately, he lost in the final round. At

the end of the season he was ranked second in the Eastern 3A League. Sean says, "I enjoy the aspect of team play the most in tennis."

The largest tournament Sean has been in was the Equitable Family Tennis Challenge in New York. He and his sister Nikki took first in their division and left with several prizes. Their all expense trip to New York, free shoes, raquets, and money were all included in their winnings.

Sean practices with the family on weekends when he's not busy with tournaments. He practices four days a week, accumulating approximately thirteen hours of practice. He also finds time to relax and play the trumpet with our school Marching Band. Still, with all that, he maintains a 3.3 grade average!

In the near future Sean plans to continue to play tennis and the trumpet. However, he doesn't want to play tennis professionally. He explains, "To be a pro, you have to be the very, very best." Although he doesn't want to be a professional he would like a tennis scholarship to the Annapolis Naval Academy, U.C. Santa Barbara, the University of Southern California or Pepperdine where he plans to work hard to become a Navy Pilot.

Whether composing a year book title page through the lens of his camera or illustrating a drug abuse workbook for Fourth Graders in Poway, Jason

Houston is very active in the visual arts. For the past two years he has been exploring photography, painting, drawing and sculpture usually in its more modern and abstract forms. His talent is proven by the recent sales of some of his art. Jason is also the Art Editor of "IT", the science newspaper started by Mr. Halsey.

"Most of my art is done just for my personal satisfaction," says Jason. "After high school, I want to study art in college and become a professional artist."

Acrylics, paints similar to oil paints, are his favorite medium because they are the easiest way for him to express himself through his art. Paintings cover the walls of his room. He adds several more each week. His most ambitious project so far has been a 6' x 12' mural he was commissioned to do for a party. It was a tremendous success and he's been told that he may be asked to do some more.

Jason is one of the many talented and interesting people at Serra High. We wish him the best of luck with his art.

Spirit . . . The Sophomores Put

The 86-87 Sophomores' class showed some unexpected spirit and put up a good fight during the Homecoming Festivities. Besides their tie with the Juniors during Spirit Week, the Sophomores have been showing great promise for the years to come.

With their improving spirit, they show a great threat to the Seniors next year. This years Homecoming Prince and Princess were Jason Keyes and Jenny Graff and the Sophomore float "It's A Small World" placed third in the float competition.

With the sophomores continued success, with lunch time activities they placed about third overall. We congratulate the Sophomores with their effort and hope their spirit will increase with the years to come.

196 Teachers

Dear Students,

CONGRATULATIONS to the senior class for reaching this point in your formal educational career and for a very successful 1986-87 school year. Your senior year is a special period in your lives and the lives of your relatives and friends. In time you will look back on this school period with fond memories. A special congratulations is extended to you as the 1987 graduating class.

My first year at Serra as your principal has been a highlight in my career. You gave me a warm welcome and responsibly accepted the challenges which were placed before you. If you choose to go on to higher education, the world of work, or family planning, I wish you good luck and success. For those students who will be returning next year, I look forward to working with you to develop programs and activities to increase our successes.

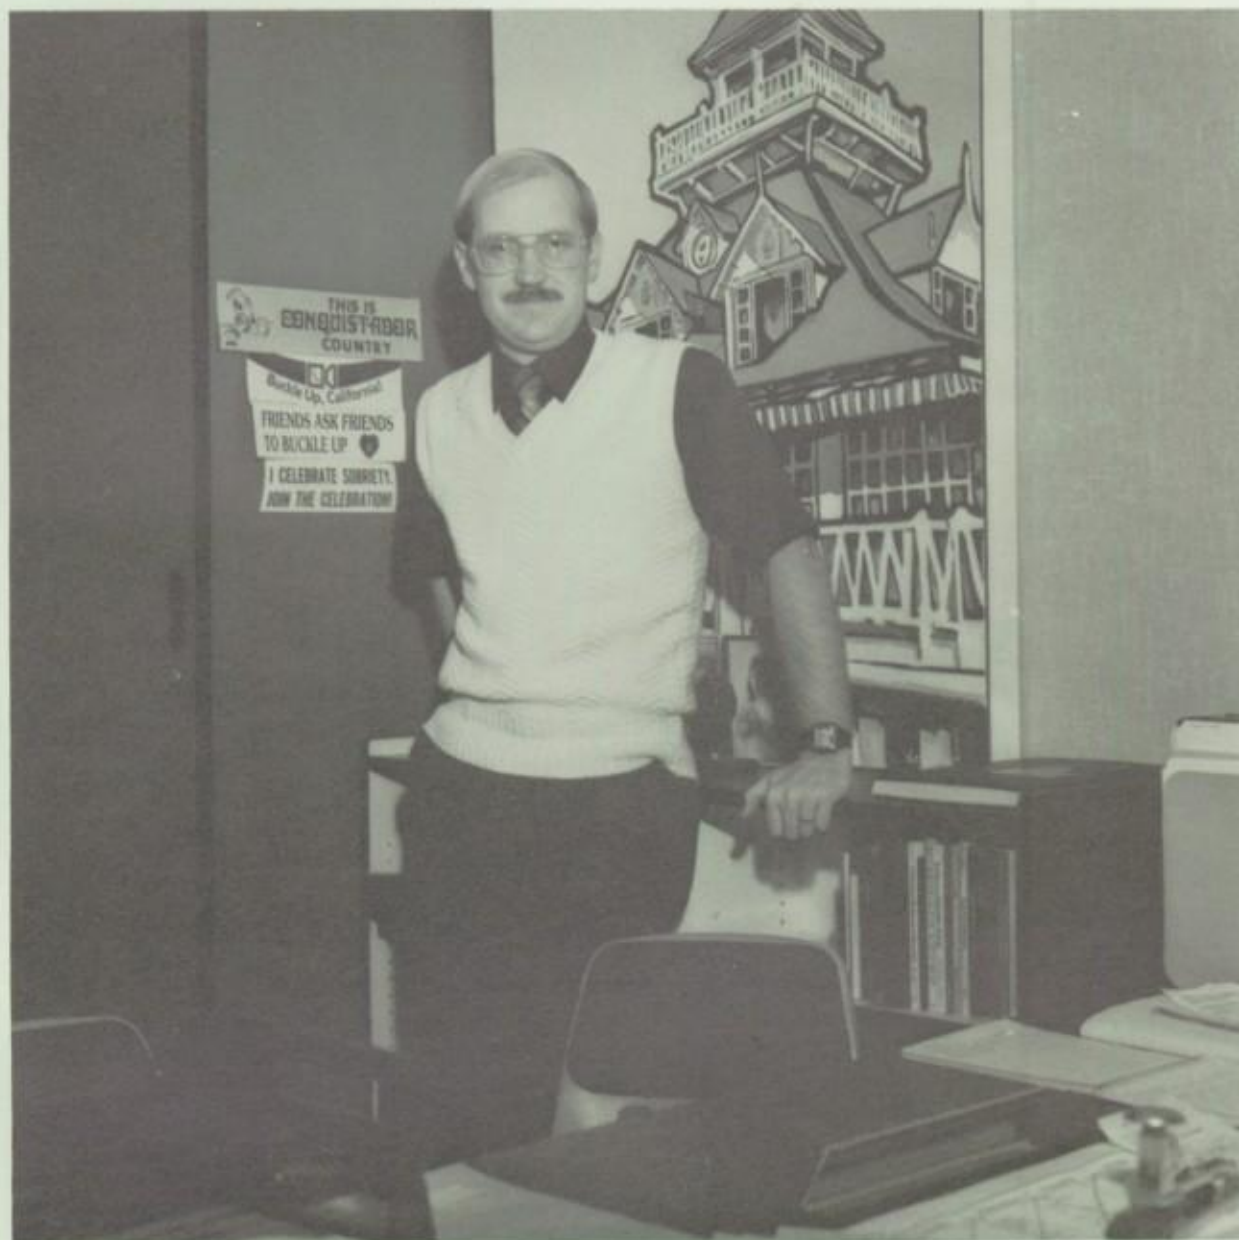

On behalf of the entire staff, it was a pleasurable, worthwhile school year, and we feel it was a privilege to work with such a fine student body.

Again, congratulations to the Class of 1987.

Dr. Laserik Saunders.

Laserik Saunders

Leadership

Mike Price is one of our two new vice principals. His previous job was as a vice principal at Gompers secondary school. He likes the atmosphere here at Serra, and appreciates the students enthusiasm and life. He also says he is very impressed with the faculty's expertise.

Mr. Price's first year was an enjoyable one for him. He welcomes the excitement and fun of his job. He wishes the students of Serra High, "the best in high school and beyond."

This is Charmaine Del Principe's first year at Serra. Her last job was at University City High School. She enjoyed her first year here at Serra because of the "wonderful" students and faculty. She says the students here are friendly and easy to get along with. She appreciates the openness and warmth she has received and is looking forward to next year. "Congratulations to the graduating class of '87. I wish you the best."

T. A.'s Help Serra

Run Smoothly.

Once again, this year, the T.A.'s helped faculty and students with various jobs around campus.

The most visible T.A.'s are responsible for keeping the campus calm and running smoothly. Their primary concerns are the activities of students who are not in classrooms.

There are other T.A.'s. These folks help teachers with their curriculum and provide special tutoring for students experiencing difficulty in certain subject areas.

Our school is safe, thanks to the efforts of the teacher assistants.

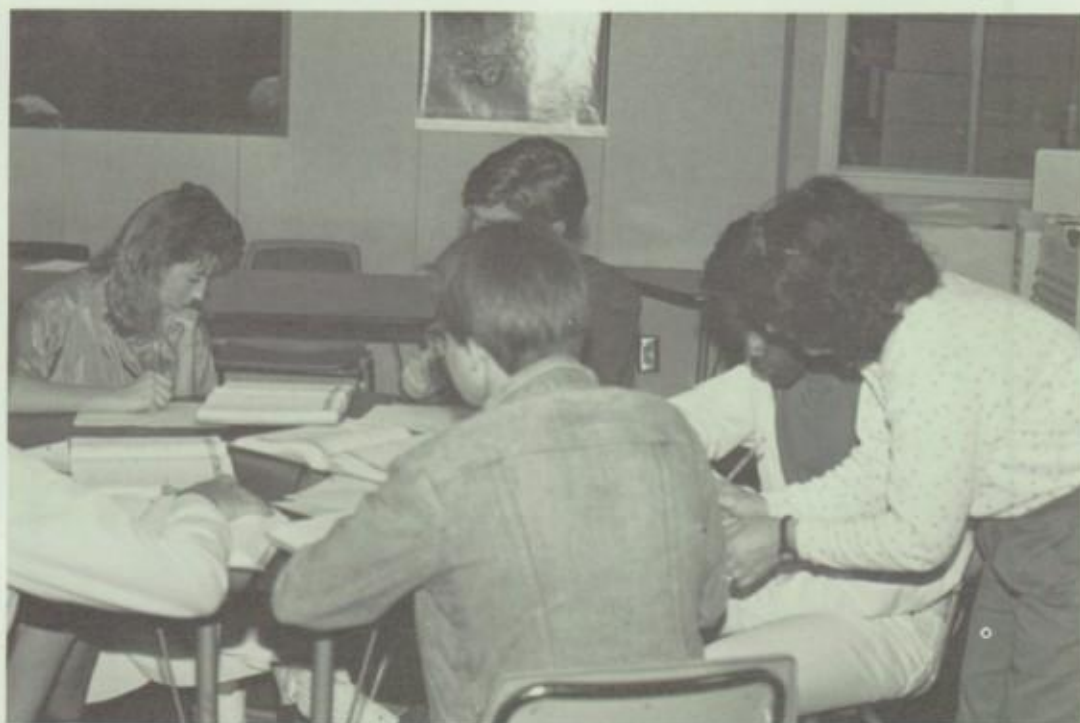

Helping Students Get

Tutorial Staff L to R: Laurie Lamb, Elizabeth Rico, Linda Bixler, Wilma Severe.

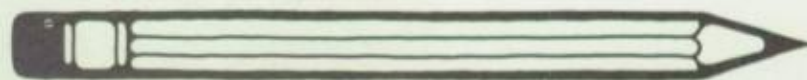

The Education They Want

The tutorial center and basic skills department offer extra tutoring and special attention to students who need it. Students can find tutoring in the basics such as reading, writing and arithmetic as well as more specialized subjects like science, foreign language, and computers.

To get tutoring students can go in during lunch, after school, or if their teachers give them permission they can go in during class. Most of the help offered is found in the media center in the small tutorial rooms, although tutoring in science is offered only after school in the science room of the science teacher designated for that week. Thanks to this important department, every one has a fair shot at getting the education that they want.

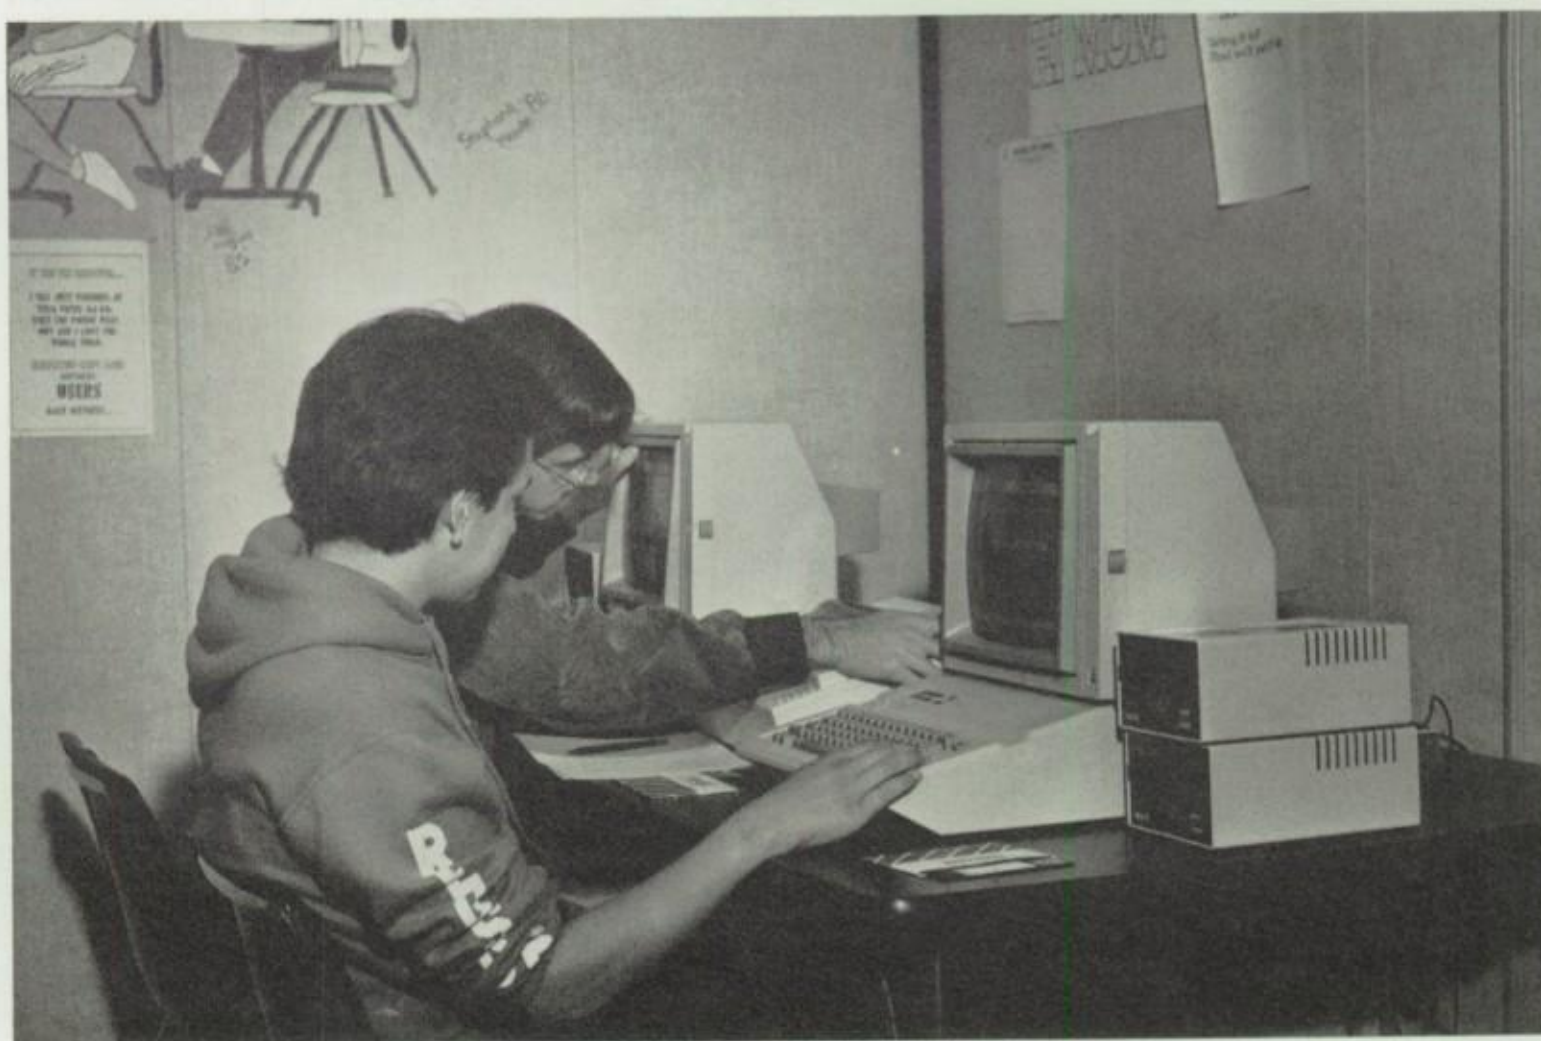

The Math, Computer,

The reading lab enables english classes to increase reading speed, comprehension and writing skills through the various structured programs. Computers help the students reach their full potential.

The math lab uses small group instruction and enrichment to help students with their math classes. They work

in the tutorial center in the Media Center.

The computer lab, also located in the Media Center, allows students to have "hands-on" experience with computer programming and word processing. Each of these labs are designed to enhance communication skills.

Once again, Serra has experienced another successful year with students studying from abroad. Thirteen exchange students is the most Serra has ever had, and we were happy this year to receive them from Germany, Brazil, France, and Spain.

All seem to enjoy San Diego's sights, people, and especially the weather. Unlike many of their home-towns, San Diego is very big and hard to get around in. Restrictions such as curfews and age have put limitations to certain things they usually do or have access to in their own countries. For example, discos are there for young people of all ages and usually do not

open before 11:00 or 12:00 midnight.

This year's exchange students have recognized hospitality through the teachers and students at school. Though American schools are not as academically difficult as foreign countries, experiencing a completely different school system can be a good learning experience.

Most of the students can say they have been treated nicely and have made some close friends. Hopefully, they will return home with some good memories of their time spent here. Many of us will remember what special people they are.

English As A Second Language

Top Row Left to Right-Luis Gomez, Eliza Bagalso, Cherry Carranza, Victor Ojeda, Debora Artiles, Manuel Rodriguez, Cristina Figueiredo, Lady Jane Banzali, Marlene Costello, Joey Chamiam, Ramon Repalda, Antonio Domantay, Bottom Row Left to Right-Willie Bagalso, Canh Do, Thai Anh, Wilfrid Yap, Ahmad Reza Pakray, Ruth Vazquez, Jania Vazquez, Leslie Buhat, Thuan Vu, Maroc Gutierrez, Mr. Szuch.

ESL, English as a Second Language, is a class available for Serra students whose first language is other than English.

The class is designed for students not only to become familiar with the English language, but also its culture and history. The ESL class contains

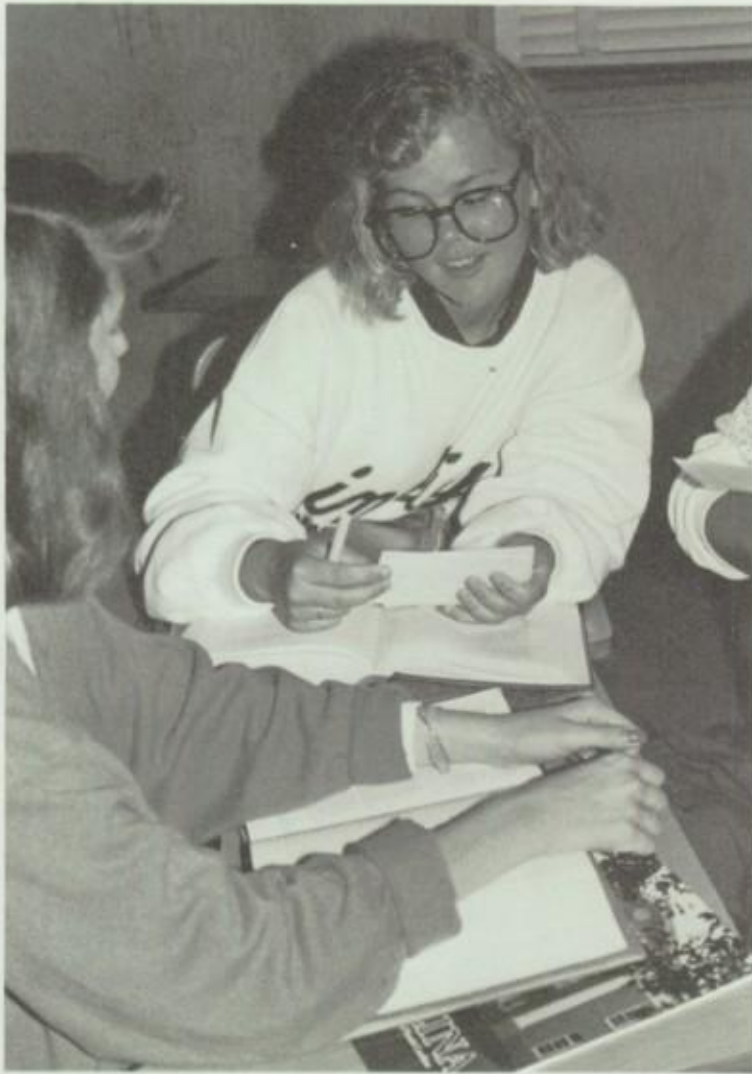

basic courses of reading and writing. In addition, students are only to speak English during the duration of the class.

Students enrolled in ESL are either new to the U.S. or foreign exchange students. One of the designated field trips for ESL was a trip

to Balboa Park.

With Mr. Delute as head of the department, ESL offers two subjects in English and social studies which are taught by Mr. Szuch and Mrs. Rogers. ESL is a great opportunity for bilingual students and will hopefully enrich Serra's curriculum.

AP Classes

1. Mr. Lamb helps Jonathan with a tough problem.
2. Missy understands European history better with the attitude glasses.
3. Roxane loves her A.P. classes!
4. Ms. Gabay shows Abby the symbolism in Hamlet.
5. Ivy wishes she understood the joke.

The advanced placement classes have grown as have the number of students that have strived for academic excellence. These classes are taught by excellent teachers who prepare the students for the A.P. test in May. The following are teachers of the advanced placement classes: Jan Gabay- A.P. English; Steve Haiman- A.P. History; Rick Halsey- A.P. Biology; Viola Lisenanti- A.P. Spanish; Karl Stahnke- A.P. European History; Gary Lamb- A.P. Math.

Academic Decathlon

Back row L through R: Alan Conrad, Jonathan Lurie, Geoff Kelley, Kevin Gerlach, John Pertle. Front Row Left to Right: Nina Constantino, Ms. Gabay, Jane Liu, Jeff Wood, Kara Eckman.

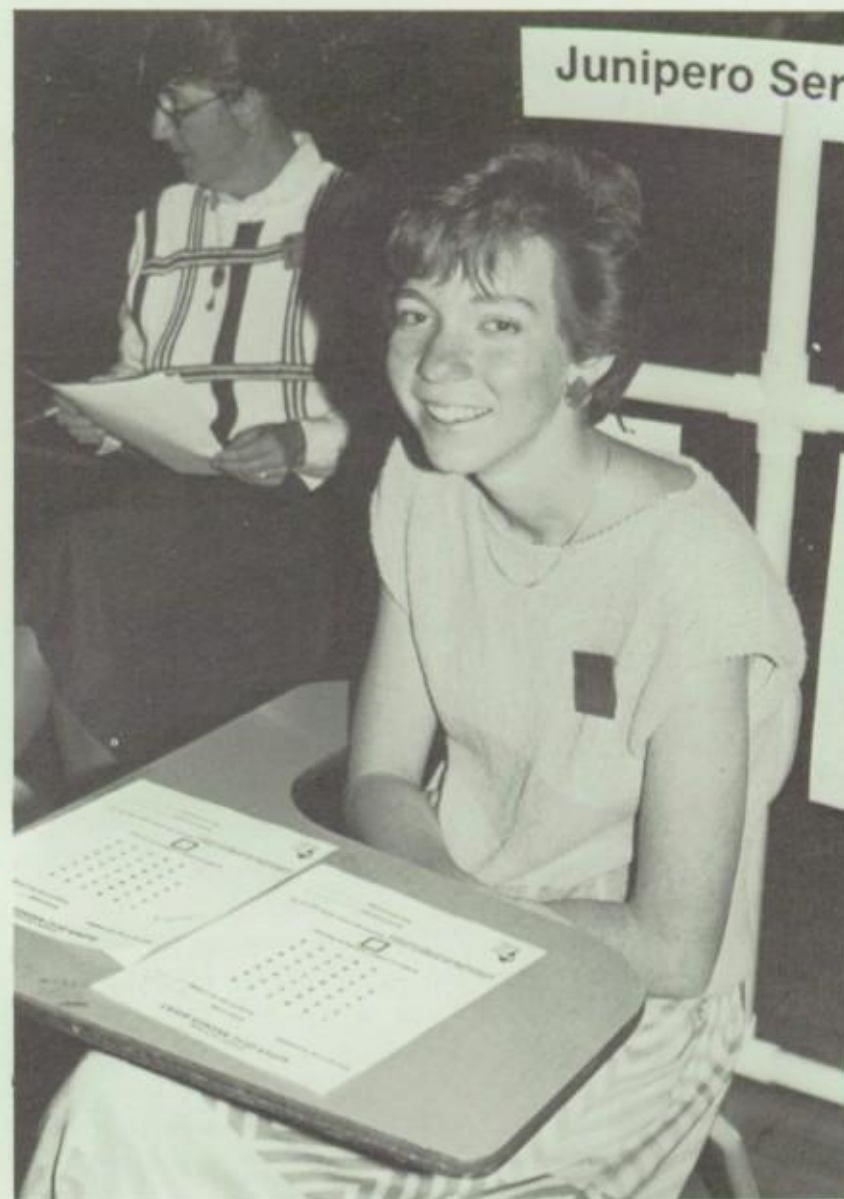

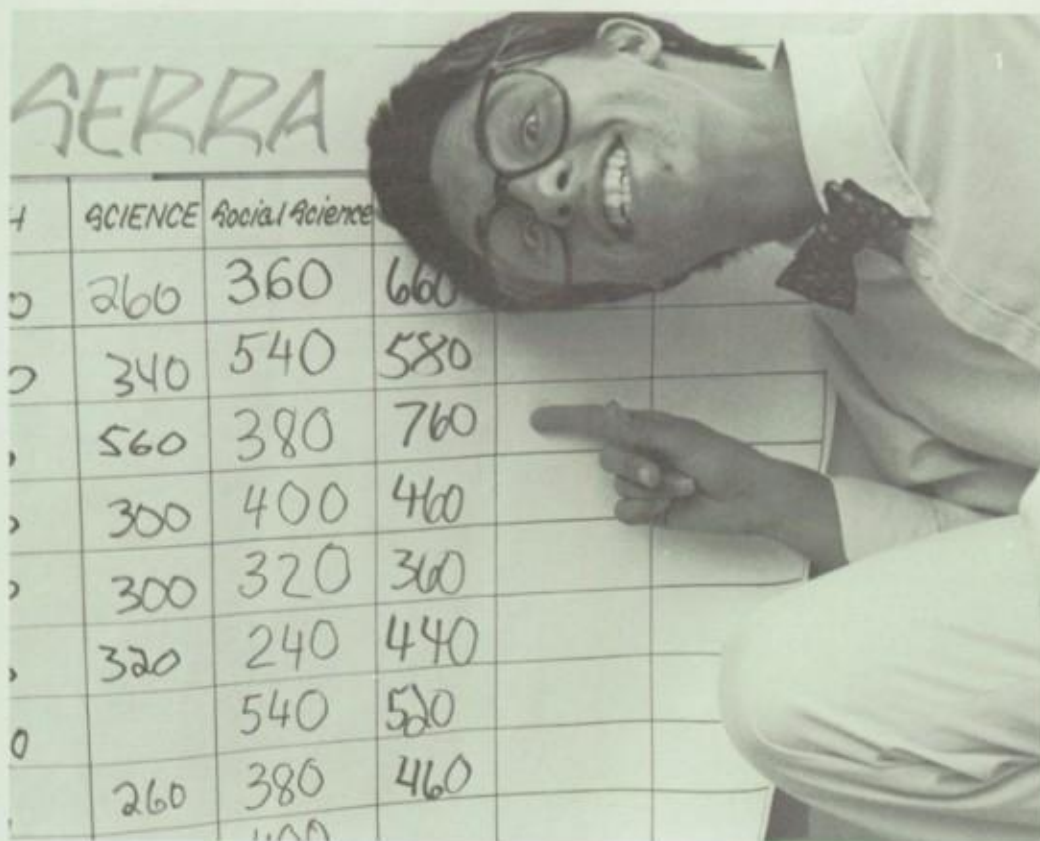

Once again, Serra students competed against 43 other county schools in the Academic Decathlon. They were given seven tests on subjects such as economics, european history, mathematics, and a host of others.

Under the coaching of Jan Gabay, Nina Constantino, Jeff Wood, Kevin Gerlach, John Pertle, Kara Eckman, Alan Conrad, Jane Liu, Jonathan Lurie, and Geoff Kelley were tutored on Sundays not only for the seven tests but also to be ready for the interview, and the prepared and impromptu speeches.

At the end of the day the "Supers-marties" were given the Super Quiz; a test of each students' knowledge of the U.S. Constitution.

Serra did well this year scoring 19th out of 43 schools. Kevin Gerlach, Jeff Wood, and John Pertle walked away with one gold and two bronze medals, respectively.

At the decathlon, Serra was known for it's sense of humor during their breaks but when it came to academic excellence, they were all business.

1. Jeff shows off his award winning score.
2. Kara thinks the super quiz is fun!
3. The team studying hard between tests.

Honor Roll

The following students at Serra achieved a 3.50 or higher scholastic average, received no "U's" or "N's" for the first semester ending January 30, 1987:

GATE: Striving For

1. Mrs. Greco and Merry Stonebreaker display the choices of A.P. classes.
2. Mildred Mobley-Ivey shows the GATE teachers their guide to choosing advanced classes.
3. Mister Haiman, one of Serra's favorite teachers, lectures his GATE class.
4. GATE parents listen to the information proposed by the school board.
5. GATE students work hard in their A.P. English class.
6. Mr. Halsey meets with Ruth Gilliland at the GATE meeting.

Academic Excellence

GATE (Gifted and Talented Education) is a group of classes dedicated to increase student opportunities, creative outlets, and intellectual motivation and stimulation. GATE was developed with six goals in mind. They are:

1. Promote academic excellence.
2. Cultivate independent thinking.
3. Support integration.
4. Utilize community resources and participation.
5. Promote responsibility and self-confidence.
6. Facilitate special talents and creativity.

But GATE is in peril. The loss of \$600,000 in state funds plus substantial additional local cuts will, by necessity, cause the cancellation of programs, reassignment of irreplaceable GATE teachers and support services essential in maintaining quality in the GATE Program.

The GATE teachers are:

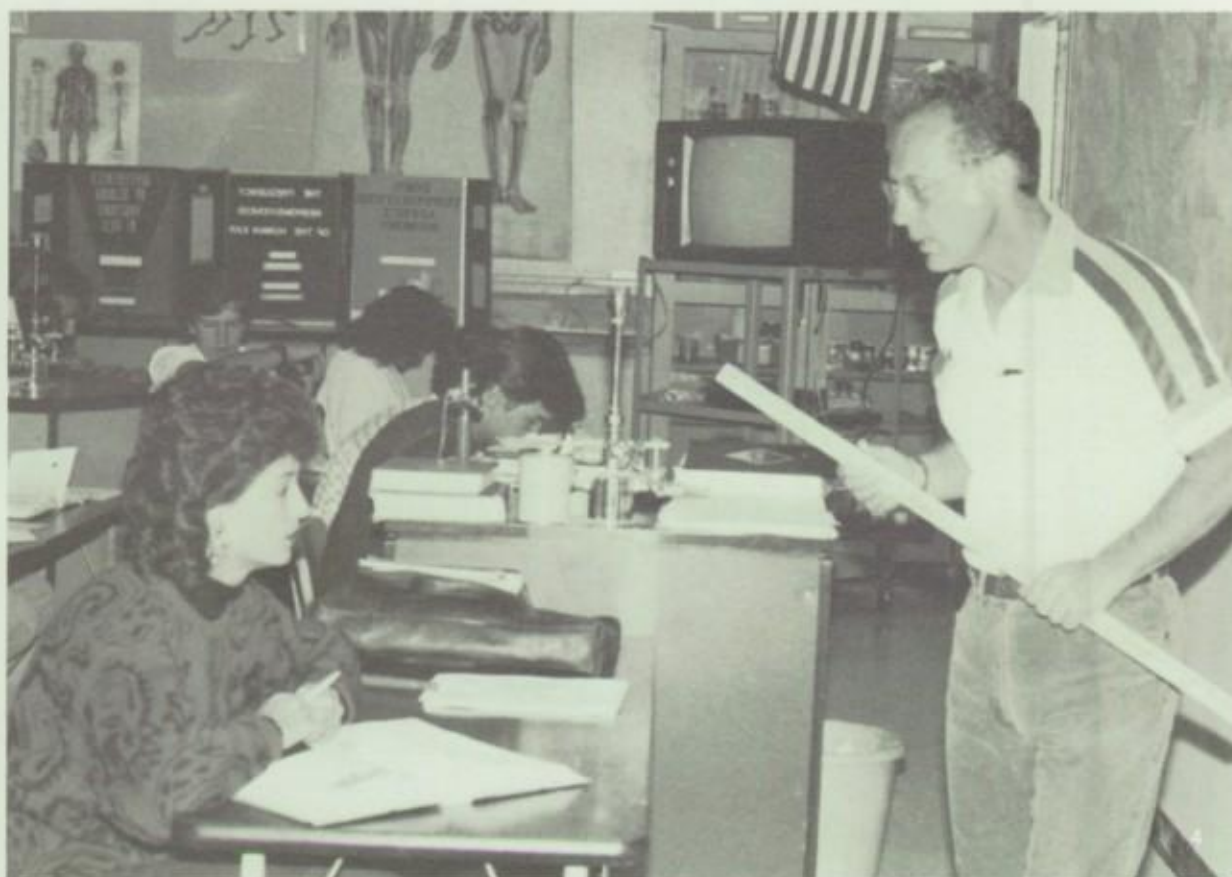

Mr. Lamb - Math
 Mr. Halsey - Science
 Mr. Howell - Science
 Mr. Jones - Science
 Ms. Gabay - English
 Mrs. Greco (GATE team leader) - English
 Mrs. Miles - English
 Mr. Dugger - History
 Mr. Mihalka - English
 Mr. Haiman - History
 Mrs. Skinner - English

The Science Department:

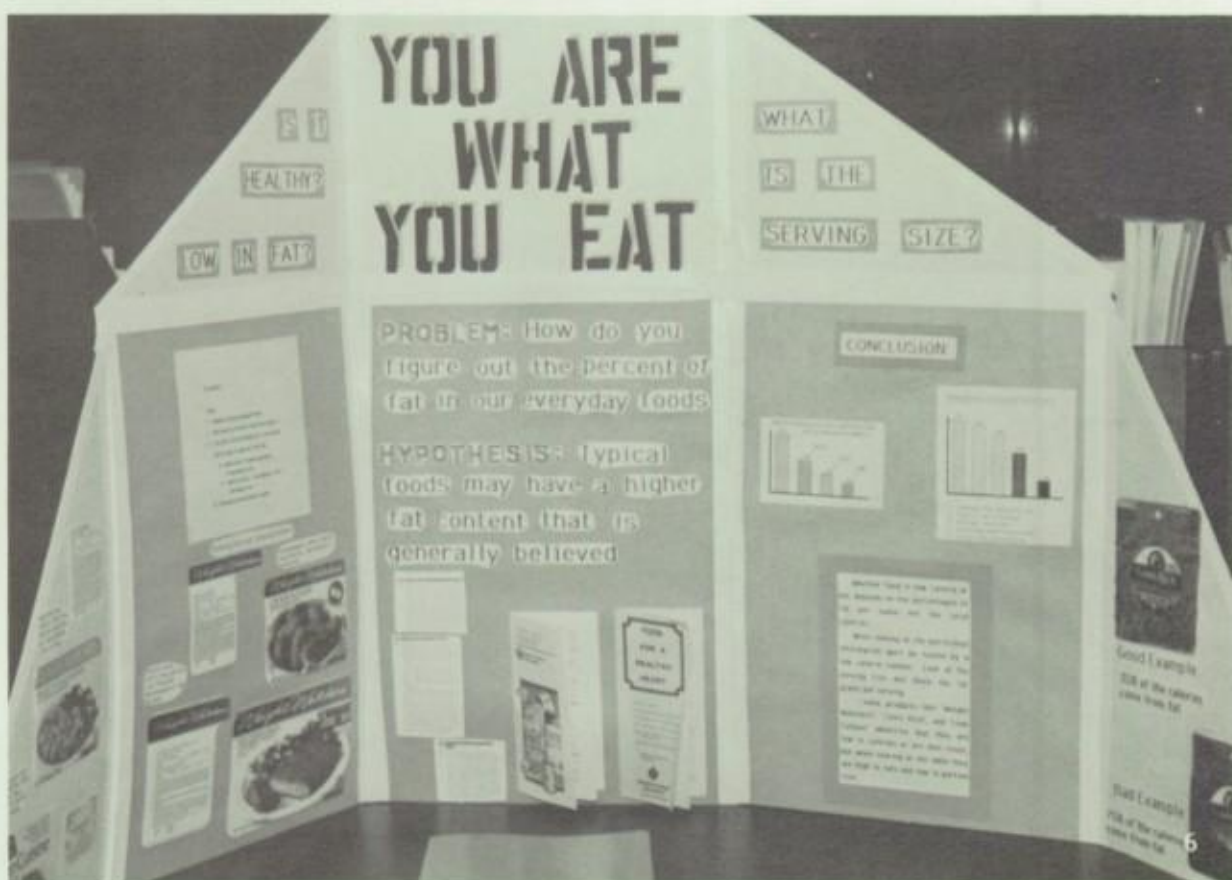

Better Living Through Chemistry

Thanks to Bob Fenner, the science department head, each science room can have it's own t.v. for watching informative and educational videos on their subjects. The special event this year was once again the science fair. This years winner included Carl Cunningham, Jason Keyes, and Ben Benumof.

Thanks to all of the competent teachers in the science department, students now understand everything from the basics of general science to the complexities of chemistry.

1. Mr. K advises his students.
2. Mr. Jones takes a snooze.
3. The class takes notes for the experiment.
4. Mr. Howell tries the "scared straight" discipline policy.
5. Mrs. Williams collects specimens for the jar.
6. A fascinating science fair project.

The History Department:

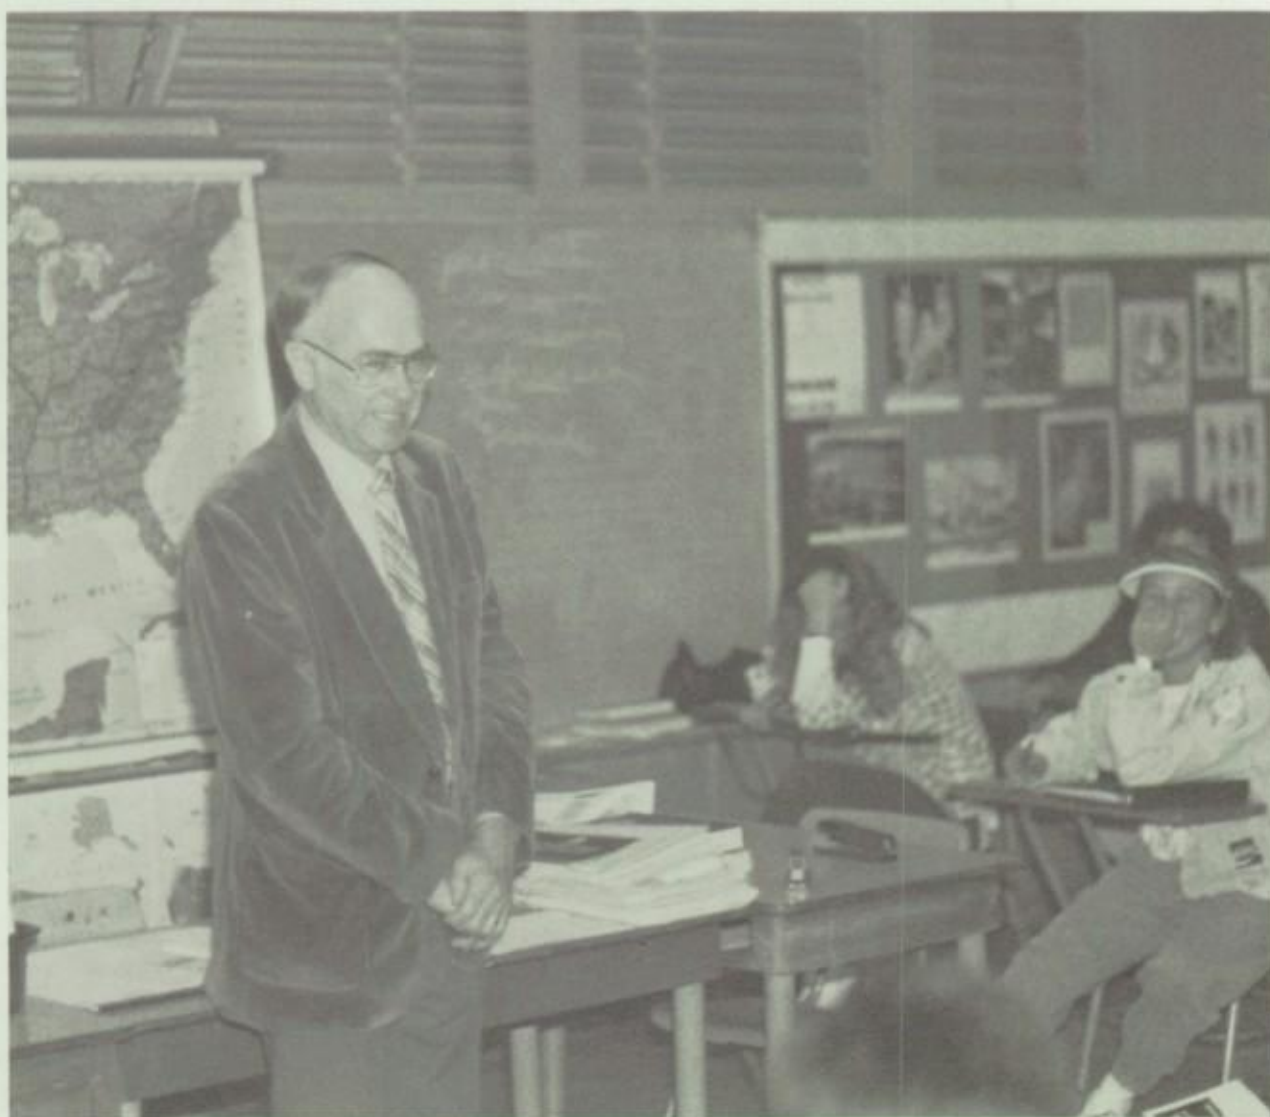

Mr. Haiman's class grooves to his stimulating lecture.

This years history department was as successful as the previous years despite the loss of Mr. Torretto and the history fair. The cut-back of funds didn't hinder the abilities of our outstanding teachers as was apparent with the success of Camp Haiman. These outstanding teachers are:

Mr. Dugger- World History, Economics
Mr. Haiman- A.P. History,
Government, Economics
Mr. Halliday- U.S. History
Mr. Litchfield- World History, Adv.
World History
Mr. Stahnke- Am. Government, A.P.
Eu. History, Economics
Mr. Sundahl- World History
Mr. Thunder- U.S. History
Mr. Sovay- U.S. History
Mr. Whitlock- U.S. History
Mr. Watson- World History
Mr. Newton- Political Science
Mrs. Hartley- Social Studies

A Historic Year

Doing Their Business

The head of the business department this year was Mr. Bill Schwandt. Along with many other teachers like Chris Timmins, Peggy McCarther, and Mrs. Maryanne Watson they were able to teach the students how to get ahead in the business world. The courses that were offered this past year Headed by Jeff Neidhart, the DECA organization cometed locally and won numerous awards.

Dave digs typing.

In The Business Department

Home Economics Has The

Right Ingredients For Success

Child Psychology, Single Survival, Clothing & Textile, and Foods & Nutrition are all part of what we call Home Economics. Mrs. Mathews, the instructor of Consumer and Family Studies courses feels that these courses offer a practical approach to every day life. Mathews also believes that life survival skills are the most important lessons in these classes. As a part of these skills, peer relationships are an essential element. Emphasis is placed on skills that can be readily transferable to all careers. After completing home economics course a student walks away with an understanding that everything learned can be used in life.

Serra's Art Students:

Michelle grooves when she paints circles.

Once again Serra's art department produced outstanding art work. It was displayed in the classrooms and in the school library for all to see. A wide variety of courses were taught by three very qualified teachers. Ms. Hanson instructs drawing and painting, commercial art and art 1&2. While Ms.

Bingham teaches are 1&2. Mr. Nyiri teaches ceramics, art productions, and is also department head. Mr. Nyiri is also Race Human Relations director for Serra. These three teachers enjoy Serra Students. The work produced by these students is fine indeed.

Ms. Hanson displays Serra's art student's work in the office.

A happy class under Ms. Bingham's instruction.

Painting Their Future

Eric receives some help with his sculpture.

Carlos shows off his artwork!

Mr. Nyiri demonstrates how fun markers can be.

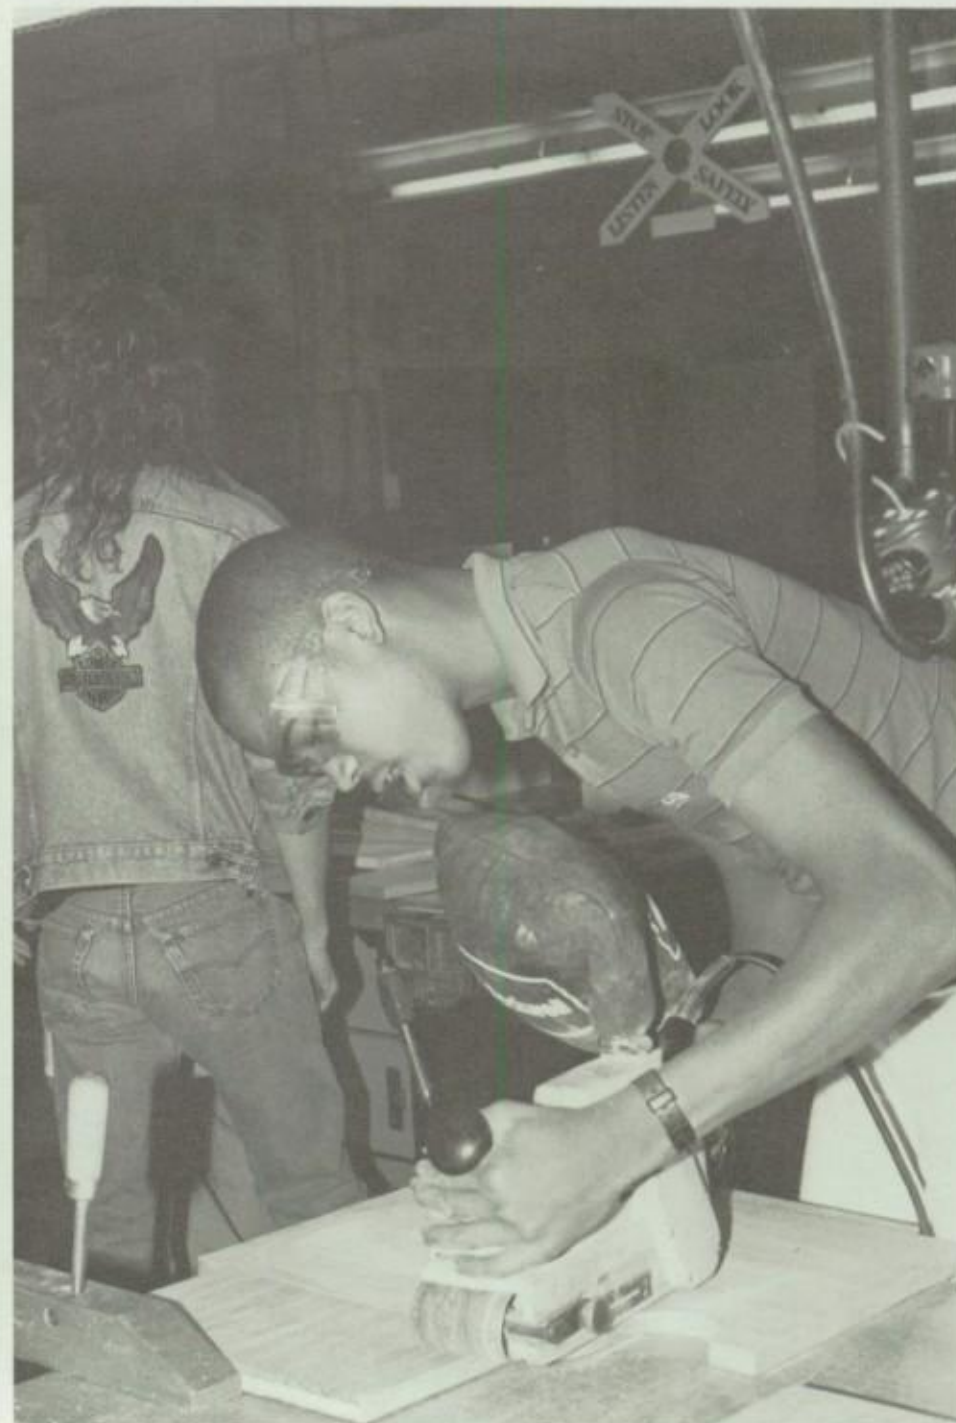

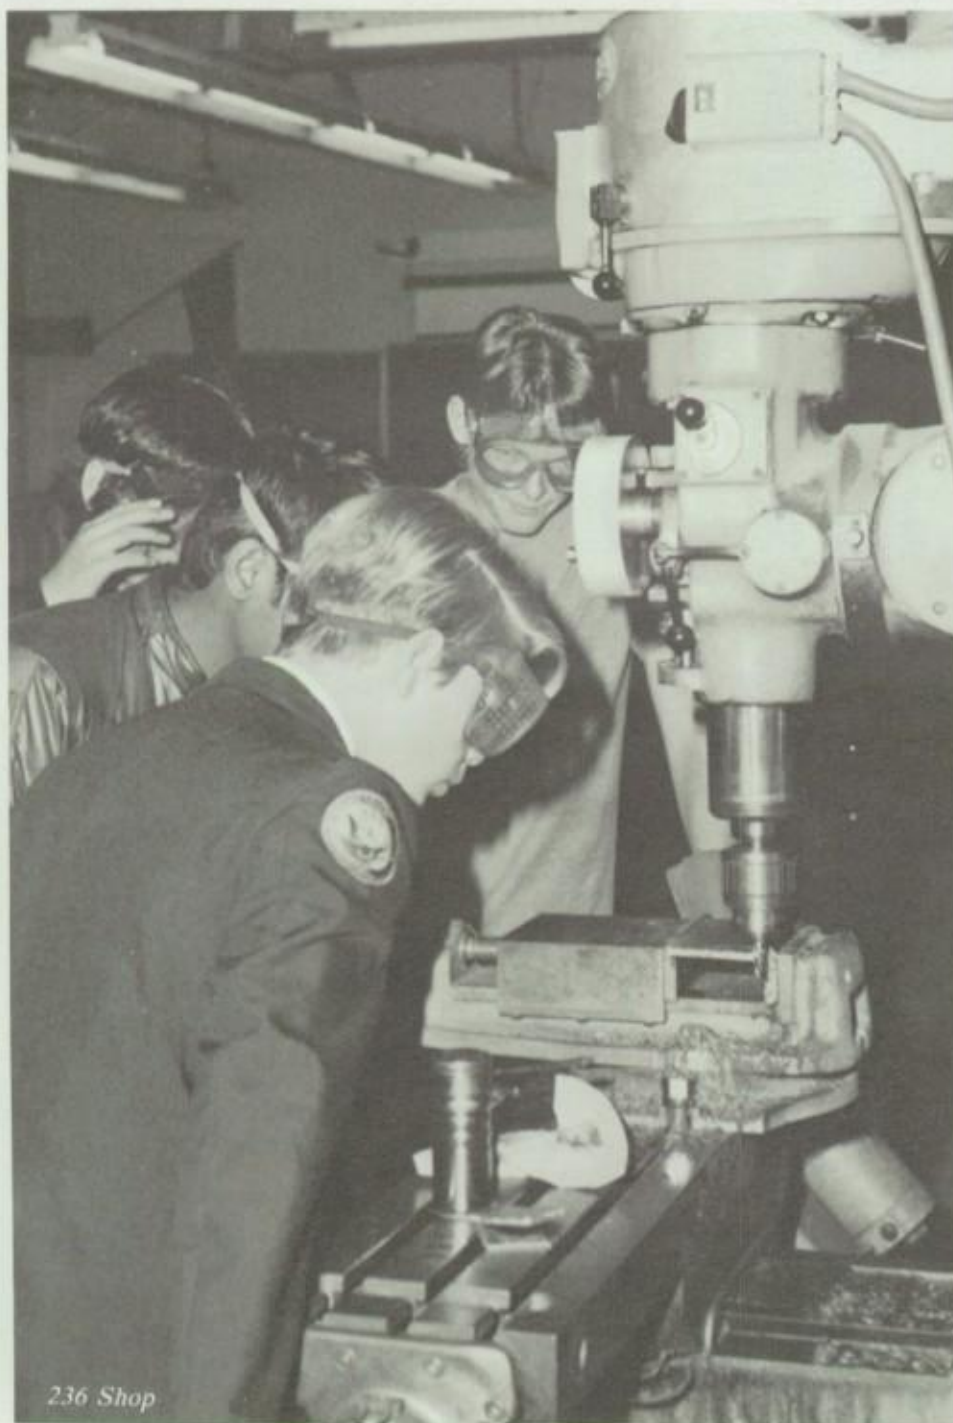

Ms. Hanson takes a break.

Shop Department

This years shop department continues to produce qualified students. Despite the cut-back in funds, Serra has maintained all of it's shop classes. Metal and Electronics each have one period while auto shop has two and wood is taught five periods a day.

Mr. Rizor, the wood instructor, teaches 1&2 for basic knowledge and 3-4 to prepare students for entry level job positions. All classes are taught as an elective and can count for credit.

The freshmen class of 1990 quickly developed the spirit it takes to make it here at Serra. The class participation in Homecoming demonstrated that the Freshmen have as much pride in their class as everyone else. The Freshmen chose the "Tea Cups" as the theme for their float. Though they only got fourth place their hard work proved that the class of 1990 is the one to look out for next year.

One of the activities during Spir-

it Week was the "spirit link" sale the Freshmen sold their spirit links for a nickel a piece to show their class spirit. An all school pep-rally was held on the final day of spirit week, the Freshmen could be heard loudly chanting "Ninety!, Ninety!, Ninety!" in direct competition with the upper classmen. The Freshmen class of next year will have to go a long way to beat the enthusiasm of the class of 1990!

When you're a Freshman you don't have much choice in the classes you take. You take what you get and hope to have a little fun too! The class of 1990 did just that! No matter what class it was English, history, or science, the Freshmen took it all in their stride.

Laughter plays an important role in the learning process in Freshmen

classes. It allowed everyone to relax and just be themselves, without being concerned about what people are going to think.

Freshmen leisure time was spent doing whatever felt good to them at the time. Whether it was acting crazy with friends, roaming the halls, or just sitting and watching other people, the class of 1990 did it with style!

The Violet and the Rose

*The Violet
So wild and free
Is hidden where
No man can see
But glorifies itself
Just by being there.*

*The rose is growth
Where all can see
Eyes look and watch
Most tenderly,
But the truth is dawning
With the morn,
That every rose
Must have a thorn.*
